HOME EVACUATION PLAN DIAGRAM

Using the grid below draw an outline of each floor and label each room. Mark arrows to indicate your normal and emergency escape routes, include stairs, doors and windows. Determine a meeting place outside where your family should go if a home evacuation is needed, and mark this location on the map. Include a telephone number of an emergency contact (friend or relative) in the event you are separated from each other.

Your Family's Emergency Contact Number is:	**Your Family's Meeting Place is:**
