### **MAYOR JOSEPH P. GANIM'S MESSAGE ON THE FY 21-22 GENERAL FUND ADOPTED BUDGET**

- Fully funds public safety essentials with 2 new recruit classes joining the police department after academy training.
- Funds to conduct a diversity study and to expand social services unit.
- Funds to upgrade and modernize technology and communications that will increase public safety systems.

In addition, for FY 2022, the Mayor tasked each department to align their goals and objectives to focus on three key areas:

1. Promote public health and safety (particularly as it relates to the COVID-19 pandemic), assist and connect small businesses with coronavirus relief efforts, and coordinate with the federal, state, and local government and health institutions to administer coronavirus vaccines throughout the community.
  2. Improve the quality of life for Bridgeport residents by tackling blight, litter, and illegal dumping, keeping our streets and public spaces clean and safe, and promoting public safety and well-being within our neighborhoods.
  3. Grow the city's tax base and promote the development of Bridgeport by prioritizing economic development projects that are creating new housing, business, entertainment, and dining opportunities throughout the city.

## ACCOUNTING POLICIES

---

### *FISCAL YEAR*

The City of Bridgeport's Fiscal Year begins July 1 and ends June 30.

### *BALANCED BUDGET*

The Charter of the City of Bridgeport mandates a balanced budget. For the purposes of meeting this requirement, each year a budget is adopted in which the projected expenditures are equal to the projected revenues.

### *BASIS OF ACCOUNTING*

The City of Bridgeport's accounting system is operated on a fund basis. A fund is a fiscal and accounting entity with a self-balancing set of accounts in which cash and other financial resources or balances are recorded and segregated to carry on specific activities or attain certain objectives in accordance with specific regulations and limitations. The operations of the general fund are maintained on a modified accrual basis, with revenues recorded when measurable and available and the expenditures recorded when the services or goods are received and liabilities are incurred. In contrast, accounting records for the City's enterprise, pension and nonexpendable trust funds are managed on the accrual basis of accounting. The types of funds utilized by the City are as follows: general; special revenue; capital projects; enterprise; and trust and agency. The type and number of individual funds established is determined by GAAP and sound financial administration.

### *BUDGET PROCEDURE*

The Mayor's annual budget is developed by the City's Office of Policy & Management (OPM). The budget is submitted to the City Council, which in turn makes additions and changes as necessary before turning it over to the Mayor for approval. The City maintains budgetary control through the Office of Policy & Management. The objective of budgetary control is to ensure compliance with the legal provisions embodied in the annual adopted budget approved by the City Council. The level of budgetary control is established by organization, agency, appropriation and object. The City of Bridgeport also utilizes an encumbrance accounting system as one technique for accomplishing budgetary control. Encumbrances reserve appropriations which have been obligated through purchase orders or other contractual documents. Encumbrances are reported as reservations of fund balance at the end of the year. Transfers of certain appropriations between departments require the approval of the City Council. The City of Bridgeport's Capital & General Fund Budgets must be adopted by the City Council and approved by the Mayor.

### *INTERNAL CONTROLS*

The management of the City of Bridgeport is maintained through a control structure designed to ensure that the assets of the City are protected from loss, theft, or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with GAAP. The control structure is designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived from that cost and that the valuation of costs and benefits requires estimates and judgments be made by management. In addition, the City of Bridgeport has an internal audit staff responsible for monitoring the various City departments in compliance with the City Charter, ordinances, and all other policies and procedures.

As a recipient of Federal, State and local financial assistance, the City of Bridgeport is responsible for ensuring adequate internal control policies and procedures are in place to ensure and document compliance with applicable laws and regulations related to these programs. This internal control structure is subject to periodic evaluation by management as well.

*LEGAL DEBT LIMIT*

The overall statutory debt limit for the City is equal to seven times the annual receipts from taxation or \$2.17 billion. As of June 30, 2020, the City recorded long-term debt of \$791.4 million related to Governmental Activities and \$34.3 million related to Business-Type Activities, well below its statutory debt limit. For more information on debt service, see the debt service section.

*RISK MANAGEMENT*

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City carries commercial insurance for insurable risks related to property and casualty claims. The City is self-insured for general liability, workers' compensation and employee health and dental insurance. Coverage has not been materially reduced, nor have settled claims exceeded commercial coverage or budget reserves for litigation claim expenditures in any of the past three years.

*WORKERS' COMPENSATION*

The City carries no insurance coverage for losses arising out of workers' compensation claims. These claims are paid from the Internal Service Fund. The City estimates a liability for workers' compensation claims payable and for claims incurred but not reported based on an actuarial valuation. This is accounted for in the Internal Service Fund.

*GROUP HEALTH INSURANCE*

Over the last twenty years the City had established an Internal Service Fund, the Self-Insurance, to account for and finance the retained risk of loss for medical benefits coverage. Due to the City experiencing significant increases in claim payments over prior fiscal years the City converted to a fully insured plan for health coverage. Each union of the City has converted throughout the current fiscal year, with only a few retiree members still currently under the self-insured plan. Payments within the Internal Service Fund related to claims incurred and outstanding prior to July 1, 2019 were completed during the year ended June 30, 2020. Future liability claims incurred but not reported (IBNR) is limited to the retirees still in the self-insurance at June 30, 2020. At June 30, 2020 this amount is \$11,515.

The City maintains a group health plan providing both insured and self-insured medical, prescription drug, dental and vision plan benefits as described below:

The following programs are provided under fully-insured contracts until autumn 2018, at which time the City entered into a new self-insured administrative only contract with the Connecticut Partnership 2.0 plan, administered by through the State Comptroller to Connecticut municipalities:

- Medical benefits for all active employees of the City and Board of Education,
- Medical benefits for all Medicare-eligible retirees who retired after December 31, 2018,
- Medical benefits for all Non-Medicare Eligible Retirees,

As of June 30, 2020, the amount of prepaid asset in the fund is \$461,540

The liability for general liability, workers' compensation and group health insurance includes all known claims reported plus a provision for those claims incurred but not reported, net of estimated recoveries. The liability is based on past experience adjusted for current trends and includes incremental claim expenditures. The liability for workers' compensation claims is calculated using actuarial methods. Changes in the reported liability are as follows:

#### AUDIT

State Statutes require an annual audit conducted by independent certified public accountants. Portions of these audits are included in the City's Comprehensive Annual Financial Report, and these can be accessed through the City's website,

#### UNDESIGNATED FUND BALANCE POLICY

---

##### PURPOSE

To maintain a balance of funds within the total unreserved, undesignated fund balance to be available for unforeseen contingencies.

*Definition: Unreserved, undesignated fund balance is the remaining balance available following the reduction for "resources not available for spending" or "legal restrictions" (reservation) and "management's intended future use of resources" (designation).*

##### POLICY

The sum of all components identified for the undesignated fund balance level will be set at no less than 8.00% of annual operating expenditures and other financing uses (transfers out) of the prior audited fiscal year with the annual approval by the City Council. If the undesignated fund balance exceeds 12.00%, the amount exceeding this percentage may be available for appropriation at the discretion of the Mayor with the approval of City Council.

##### RATIONALE

The City of Bridgeport recognizes the importance of maintaining an appropriate level of undesignated fund balance on a Generally Accepted Accounting Principles (GAAP) basis to withstand short-term financial emergencies. After evaluating the City's operating characteristics, its overall financial health, the diversity and flexibility of its tax base, the reliability of non-property tax revenues sources, the City's working capital needs, the impact of state policies regarding tax exempt properties and PILOT reimbursements on City revenues, Brownfield policies, the national, state and local economic outlooks, emergency and disaster risks, other contingent issues and the impact on the City bond ratings of all these factors, the City of Bridgeport hereby establishes goals regarding the appropriate handling and funding of the undesignated fund balance.

The City of Bridgeport's formal undesignated fund balance policy shall be to maintain adequate unencumbered reserves to accomplish the following objectives:

- (1) Have sufficient funds available for appropriation for unforeseen expenditures or unforeseen shortfalls in revenue after adoption of the annual budget; and
- (2) Avoid unexpected spikes in the mill rate caused by non-reoccurring revenues.

##### REPLENISHMENT OF SHORTFALL

The undesignated fund balance of the General Fund may fall below the approved minimum level due to fluctuations between planned and actual revenues and expenditures, other financial emergencies or catastrophic events of an unforeseen nature. When an audited shortfall is reported in the Comprehensive Annual Financial Report (CAFR), it must be rebuilt during the following ensuing fiscal years. This will be achieved by adding an annual appropriation, during the budgeting process of a minimum of 10% of the difference between the fund balance policy level and the undesignated fund balance presented in the latest audited statements.

When dealing with the unanticipated sale of municipal assets, no less than 50% of the “gain on sale of city asset” must be deposited toward the undesignated fund balance until the 12.00% goal has been achieved.

The maintenance of undesignated levels is not to be construed as surpluses or over-taxation by the City. Rather, it is an element of sound fiscal management required for sustaining a high credit rating and financial management flexibility.

## DESCRIPTION OF FUND STRUCTURE

---

The accounts of the City of Bridgeport are organized on the basis of funds and account groups, utilizing a fund structure in which fund activities are aggregated for specific purposes. A fund is a combination of related accounts used to maintain control & accountability of resources that are dedicated to specific activities or objectives. The City of Bridgeport, like other state & local governments, uses fund accounting to ensure appropriate fiscal control and to demonstrate our compliance with accepted accounting principles set forth by the Governmental Accounting Standards Board.

Detailed financial schedules for all the funds described below are *not* contained within this budget document. This document includes information on the General Fund, as well as some detail on the Internal Service Fund, and Capital Project Funds. Of these funds, only the General Fund is subject to appropriation. Detail on the other funds described below can be found in the City’s Comprehensive Annual Financial Report, prepared by the Finance Department, and can be accessed through the City’s website, <http://www.bridgeportct.gov/finance>. Grateful acknowledgement of the assistance of the Finance Department in providing certain schedules and detail from the 2018 CAFR is noted here, and we have provided attribution for these throughout the budget book, as is applicable.

### GOVERNMENTAL FUNDS

The City of Bridgeport maintains 19 individual governmental funds. The major funds of these 19 are discussed below.

THE GENERAL FUND is the primary operating fund of the city. It is the largest fund which encompasses traditional governmental services, and is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is primarily supported by the property tax. General Fund revenues are displayed by type in the Revenue Summary section of this budget and by department in the Budget Detail section. Appropriations are also listed by department in the Budget Detail section. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available.

SPECIAL REVENUE FUNDS are used to account for revenues dedicated for a specific purpose. These funds are prescribed by Federal or State program guidelines regarding the distribution or use of revenues.

THE DEBT SERVICE FUND is used for the accumulation of resources for, and the payment of, general long-term bonded debt to be issued in future years.

CAPITAL PROJECT FUNDS are utilized for various construction projects as well as the purchase of the City’s fleet inventory. Capital Project Funds are used to account for the

proceeds of general obligation bonds and other financing sources for the planning, acquisition and construction or improvement of major capital facilities such as new schools and urban renewal projects.

#### *PROPRIETARY FUNDS*

ENTERPRISE FUNDS are used to report activities that are financed and operated in a manner similar to a private business enterprise. In the case of the City of Bridgeport, the Water Pollution Control Authority or WPCA, is one such fund which accounts for the activities of the City's two sewage treatment plants, sewage pumping stations, and collection systems for the City of Bridgeport. These funds are covered in the Finance Department's Annual Financial Report, but not in this document.

THE INTERNAL SERVICE FUND was established by Ordinance to account for self-insured health benefit activities of the City, Board of Education (BOE) and all other departments. Governmental Accounting Standards allow for the use of Internal Service Funds for risk financing activities. The Internal Service Fund is a proprietary type fund, which utilizes the accrual basis of accounting. The use of a separate fund for self-insured benefit activities can help smooth the impact of severe claims fluctuations which can now occur in the General Fund. Funding will be provided through the annual General Fund Budget which will separately identify the City, BOE, BOE Grants and Nutrition portions. The amount budgeted will be the amount transferred to the Internal Service Fund. Contributions will be also be made by the WPCA and Grants. Employee contributions will be made directly to the Internal Service Fund. Interest and investment income earned by the fund will be used to pay expenses of the fund. Investment of available funds will be made by the City Finance Director and Treasurer in accordance with Connecticut General Statutes.

#### *FIDUCIARY FUNDS*

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. These funds are not reflected in government-side financial statements because the resources contained within these funds are not available to provide services for the City's constituents. The City of Bridgeport has four pension trust funds that support the pensions of City employees. The accounting used for fiduciary funds is much like that used for proprietary funds, and again, is covered in some detail in the Finance Department's Annual Financial Report, but not in this document.

**BUDGET, FINANCES AND LONG-TERM PLANNING**

The annual budget serves as the foundation for the City of Bridgeport’s financial planning and control. Budget-to-actual comparisons for FY2020 are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the general fund, this comparison is presented on RSI-1 and RSI-2 as part of the required supplementary information for the General Fund.

The City ended the June 30, 2020 fiscal year with a positive \$3.9 million budgetary surplus, consistent with commitments made to rating agencies. This was attained in large measure by various Administration actions taken last year, along with a healthy rate of tax collections. The City continues to strengthen general fund balances, as recommended by rating agencies, so that the City nears its goal of attaining its long-term fund balance policy. The City has also taken steps to ensure that it has ample contingencies to meet fiscal challenges and any possible emergency needs. The City receives significant state aid for education program purposes, some state aid for city operating purposes, and state bonded aid for large school capital project needs. The City is fully funding all required pension obligations, as recommended by actuaries or required by statute. In fiscal year 2020, the City contributed an additional \$100,000 investment into the Other Post-Employment Benefits (OPEB) Trust, while paying current annual expenditures for OPEB benefits on a pay as you go basis. Information presented in the financial statements is perhaps best understood from the broader perspective of the specific environment within which the City operates.

The City maintains budgetary controls and Charter and Code regulations that prohibit the City from overspending the annual adopted budget. In addition, the City Code does not allow management to make intra departmental or interdepartmental budget line transfers within the annual budget, except for small transfers within specific department budget functional categories, unless such transfers are approved by the City Council. The City has put into place certain long-term planning measures, including the adoption of an annual five-year capital plan. In addition, the City uses multi-year planning for internal purposes for forecasting future budget needs. The City enters into multi-year contracts for various services when beneficial with utility providers, certain health care providers, non-profit organizations, and with developers seeking to revitalize City owned sites. The City implements multi-year collective bargaining contracts on a regular basis.

**Investment Policy**

The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the PERS Board by a majority vote of its members. It is the policy of the PERS Board to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. The pension plan's investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans.

**Rate of Return**

For the year ended June 30, 2020, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense for each pension plan is as follows:

- Public Safety Plan A 1.13%
- Police Retirement Plan B -0.33%
- Firefighters' Retirement Plan B 5.38%

The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

**Bridgeport's Major Financial Initiatives**

The City has instituted annual significant cost-saving initiatives through financial system upgrades, improvement of revenue collection, restructuring of employee benefits, and interim budget freezes on hiring. The City added new Purchasing controls over the past several years. The City has completed technology and software upgrades to improve public customer services including online payment systems, web-based operations and cybersecurity safeguards and is adding fiber optic connectivity. The major historic economic development initiatives described above will provide a significant boost to the tax base and to budgetary revenues over the next decade. The City revenue enhancements including improved tax collections, and new federal grants, have attained millions of new revenues. A Mayoral anti-blight program is successfully cleaning up the city.

## THE BUDGET PROCESS

---

### *MAYOR RECOMMENDED PREPARATION*

City departments begin preparation and documentation processes for the budget in January. The Office of Policy & Management reviews all submitted department requested documents; verifies contractual obligation thresholds, calculates all formula-driven data, and presents a draft budget to the Mayor and selected staff. In accordance with the City Charter, Chapter 9, Section 5(c) the Mayor, no later than the first Tuesday in April of each year, must present to the City Council a proposed budget for the ensuing fiscal year as prescribed in that same section.

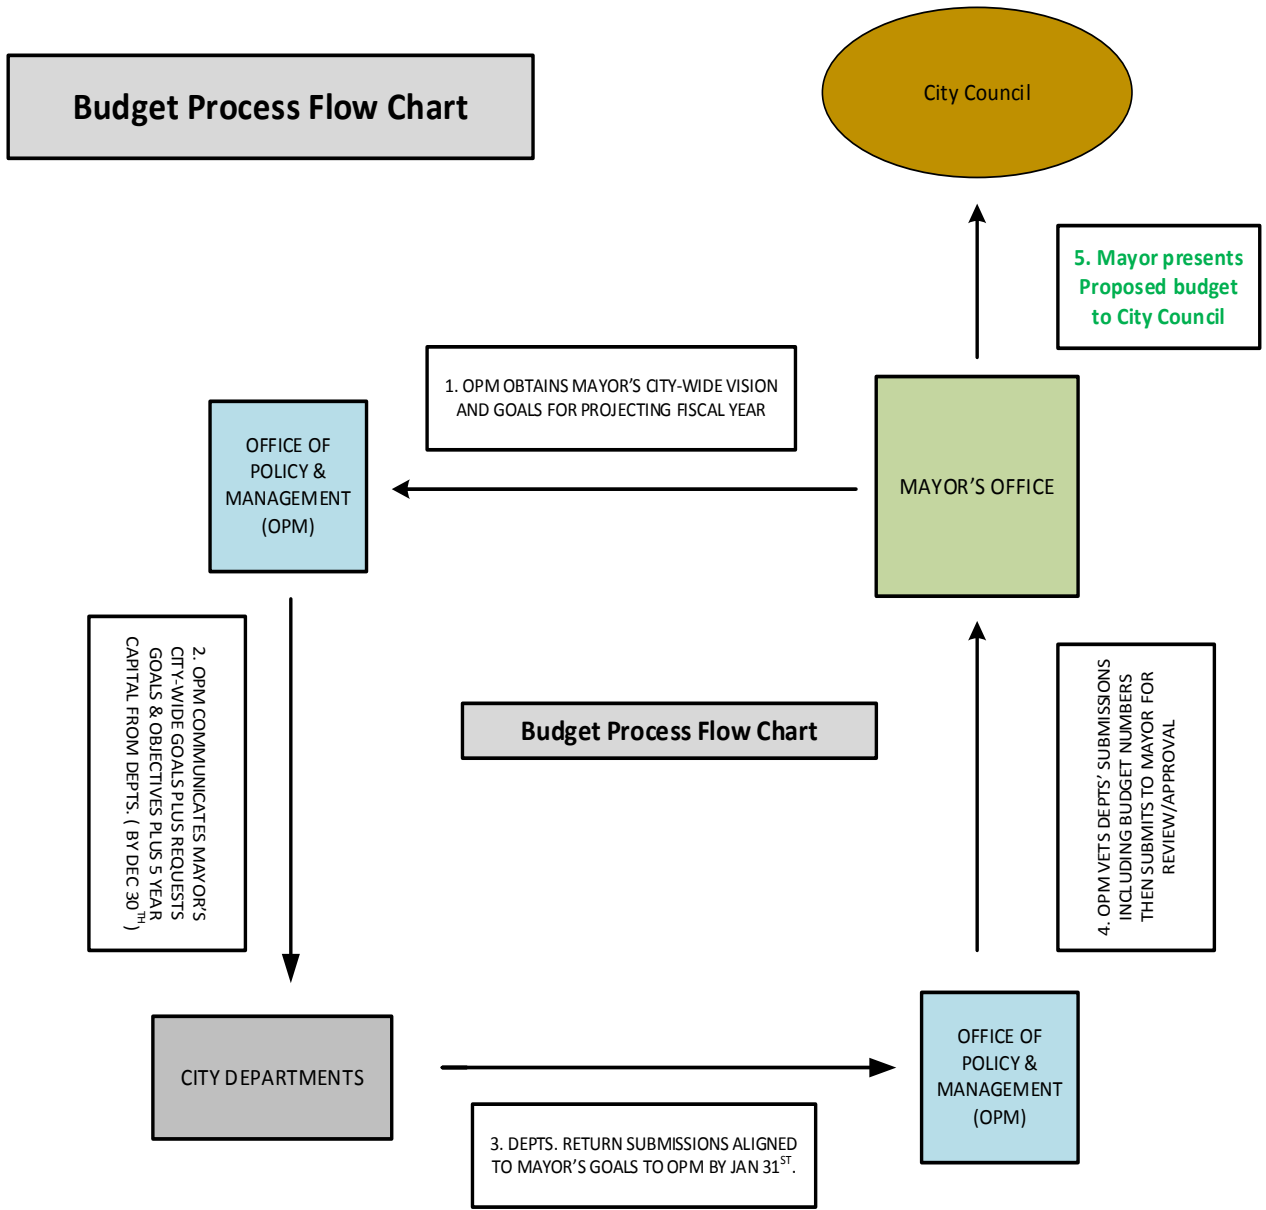

### *CITY COUNCIL PROCESS*

The City Council's Budget and Appropriations Committee, under City Council rules, will set a schedule for budget deliberations and in accordance with City Charter, shall hold at least one public hearing before taking final action on the proposed budget and mill rate. The City Council Budgets & Appropriations Committee reports its changes to the Council in the form of a budget amendment resolution. The City Council has the power to reduce or delete any item in the budget recommended by the Mayor by a majority vote of the council members present and voting. It shall have the power to increase any item in said budget or add new items to said budget only on a two-thirds (2/3) affirmative vote of the entire membership of the council. The budget adopted by the City Council shall be submitted to the Mayor not later than the second Tuesday in May of each year. The Mayor shall sign the adopted budget or within fourteen days after adoption of the budget, the Mayor may veto any action taken by the City Council. The veto power of the Mayor shall be that of line item veto only, and any such veto may be overridden by a two-thirds (2/3) vote of the entire membership of the City Council. If the Mayor shall disapprove any action of the City Council, he shall, no later than the close of business of the fourteenth day, return the proposed budget to the City Council with a statement of objections. Thereupon, the President of the City Council shall call a meeting to be held no later than seven days after the receipt of the Mayor's veto. If the City Council fails to adopt a budget by the second Tuesday in May of any year, the proposed budget of the Mayor shall become the budget of the City for the ensuing year.

 BUDGET SUMMARY APPROPRIATION SUMMARY

The General Fund is primarily funded by the property tax. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. FY 2021-2022 ADOPTED GENERAL FUND BUDGET  
 BUDGET SUMMARY REVENUE SUMMARY

The primary source of revenues in the City of Bridgeport is property taxes (53.26%). The second largest source of revenue is Intergovernmental Revenue (33.70%)—which includes aid to public schools, Education Cost Sharing, and funding for federal school lunch programming. Education Cost Sharing funds from the state help to provide essential funding for schools in urban areas where student need is great and local funding for schools can strain local budgets.

## INTERNAL SERVICE FUND

---

The City, by Ordinance, established an Internal Service Fund to account for self-insured health benefit activities of the City, Board of Education and all other departments. Governmental Accounting Standards allow for the use of Internal Service Funds for risk financing activities. The Internal Service Fund is a proprietary type fund, which utilizes the accrual basis of accounting. The use of a separate fund, an Internal Service Fund for self-insured benefit activities, can help smooth the impact of severe claims fluctuations which can now occur in the General Fund. Funding will be provided through the annual General Fund Budget which will separately identify the City, BOE and Nutrition portions. The amount budgeted will be the amount transferred to the Internal Service Fund. Contributions will also be made by the WPCA and Grants. Employee contributions will be made directly to the Internal Service Fund. Interest and investment income earned by the fund will be used to pay expenses of the fund. Investment of available funds will be made by the City Finance Director and Treasurer in accordance with Connecticut General Statutes.

Properties are assessed based on a formula that calculates 70% of their assessed fair market value. The property in Bridgeport was recently reevaluated according to the 5-year assessment schedule mandated by State of Connecticut Statutes. Revaluation is a mass appraisal of all property within an assessment jurisdiction (i.e., the City of Bridgeport) to equalize assessed values. A city-wide reassessment of real properties is conducted to assign fair market values to all properties. This assessment allows a balancing of the city's real property tax burden among taxpayers.

## BRIDGEPORT AT A GLANCE

---

### *FORM OF GOVERNMENT*

Bridgeport is governed by its City Charter which was adopted by the state legislature in 1907 and revised in 1912 and 1992. The city operates under a Mayor-City Council form of government. The Mayor serves a four-year term. The Mayor sets policy, makes nominations and appointments to boards and commissions, and presides at City Council meetings. In addition, the Mayor acts as official City representative and liaison with various governmental and private agencies and oversees the financial aspects of the City government. Mayoral authority comes from the City of Bridgeport's charter, Municipal Code, and the State of Connecticut General Statutes.

The City Council consists of 20 members elected to two-year terms. Each of the ten council districts is represented by two council members. The City Council holds regular meetings twice per month. Major responsibilities of the City Council include enacting ordinances necessary to govern the City and adopting the budget. Together the Mayor and the City Council oversee the five-line divisions: City Clerk, Water Pollution Control Authority, Libraries, Department of Education, and the Registrar of Voters.

The Chief Administrative Officer (CAO), a mayoral appointee, is responsible for coordinating the management and implementation of operational policies and practices for the Mayor. The CAO is the liaison between the Mayor and the head administrators of the City's departments which include: The Office of Policy & Management, Civil Service, the Fire Department, the Police Department, Planning & Economic Development, Finance, Public Facilities, Health & Social Services, Labor Relations, the City Attorney, Weights & Measures, and Information Technology.

The only elected board in the City, aside from the City Council, is the Board of Education. This board consists of nine members elected to staggered four-year terms, and meets once a month. In addition, there are 18 appointed boards and commissions whose members are volunteers who have been appointed by the Mayor. These consist of the following: Board of Assessment Appeals, Board of Public Purchases, Bridgeport Redevelopment Agency, Cable Advisory Board, Civil Service Commission, Commission on Aging, Ethics Commission, Fair Housing Commission, Fair Rent Commission, Fire Commission, Harbor Management Commission, Historic Commission No. 1, Housing Authority, Housing Site Development Agency, Parks Commission, Planning & Zoning Commission, Police Commission, Port Authority Commission, Stratfield Historic District Commission, Water Pollution Control Authority Commission and the Zoning Board of Appeals. Additionally, the City appoints members to serve on the boards of regional planning agencies including the Connecticut Metropolitan Council of Governments (METROCOG) and Greater Bridgeport Transit.

### *GEOGRAPHY*

Bridgeport is Connecticut's largest city with a population estimated at 146,579 residents. Located along Long Island Sound at the mouth of the Pequonnock River, the city has an area of 19.4 square miles. Bridgeport experiences warm to hot and humid summers and cold, snowy winters. These seasonal extremes are somewhat moderated by Long Island Sound. This results in a lower average temperature in summer and moderate snowfall, as compared to our neighbors inland. The city receives 41.7 inches of precipitation and around 25.6 inches of snowfall in an average year. The snowiest winter on record occurred in 1996 when Bridgeport received 76.8 inches in total accumulation. Bridgeport is located on Long Island Sound and is bordered by Fairfield, Connecticut to the West, Stratford, Connecticut to the East, and Trumbull, Connecticut to the North.

*COMMUNITY PROFILE*

Bridgeport was originally a part of the township of Stratford. The first recorded settlement here was made in 1659. It was called Pequonnock until 1695, when its name was changed to Stratfield, due to its location between the already existing towns of Stratford and Fairfield. In 1800 the borough of Bridgeport was chartered and in 1821 the township was incorporated. The city was not chartered until 1836. The city's location on the deep Newfield Harbor supported shipbuilding and whaling endeavors in the mid-19<sup>th</sup> century. Later, rapid industrialization and the presence of the railroad made Bridgeport an ideal manufacturing center producing Bridgeport milling machines, saddles, corsets, carriages, brass fittings, sewing machines and ammunition. By 1930, Bridgeport was an industrial center with more than 500 factories and a thriving immigrant population.

---

In the early 21st century, Bridgeport is rebounding from a loss of jobs and population and is transitioning into a role as both a bedroom community for New York City, and as oasis of relatively low-cost housing in the otherwise prohibitively expensive Fairfield County. Located just 60 miles from New York City and 60 miles from Hartford, CT, Bridgeport is accessible via a variety of transportation modes, it is ideally suited to families seeking a refuge from the high cost of living in lower Fairfield county.

Bridgeport supports two large hospitals—St. Vincent’s and Bridgeport Hospital. It is located on the Metro-North commuter line, which offers daily service to New York City, and regional service to the shoreline of Connecticut and to the Waterbury area. Bridgeport is also a stop on Amtrak’s train lines, including the high-speed Acela service. Ferry service to Port Jefferson, Long Island is offered from Bridgeport’s harbor, and local and interstate bus service is also available. The port of Bridgeport is one of three deep-water ports in the state. Bridgeport owns Stratford’s Sikorsky Memorial Airport. Bridgeport’s location in the middle of a confluence of highways—among them Interstate 95, the Merritt Parkway, Route 8 & Route 25, and Route 1 connect the City to many other regions. Institutions of higher learning housed in the City include The University of Bridgeport, Housatonic Community College, St. Vincent’s College, and Bridgeport Hospital School of Nursing. The Bridgeport School system educates more than 20,000 children, making it the second largest school system in the state.

The Arena at Harbor Yard and the Klein Memorial Auditorium host regional and national performances of musical acts and sporting events. Regional theater is in evidence at the Downtown Cabaret Theatre and the Bridgeport Theatre Company. Additionally, the City of Bridgeport is home to 45 parks which encompass 1,330 acres of open space.

*DEMOGRAPHICS AND ECONOMICS*

Bridgeport is Connecticut’s largest city with a population estimated at 144,399 residents. The City, surrounding towns, and the State are still recuperating from the effects of the national economic downturn, but all are starting to show a small improvement in their unemployment rate. As of June 30, 2020, the unemployment rate for the City of Bridgeport was 7.4%, up from 5.3% from the prior year due to the covid-19 health pandemic. Connecticut’s overall unemployment rate increased to 6.3% from 4.0% in the previous year.

Per the State of Connecticut statute, every town municipality is required to implement real estate property revaluation every five years. The City of Bridgeport implemented real estate revaluation on the October 2020 Grand List. Based on the October 2020 revaluation, the Real Estate, Personal Properties & Motor Vehicles assessed taxable grand list in Bridgeport stands at \$8,027,696,970, a figure higher than the total assessed taxable grand list property valuation for Bridgeport in 2019 which stood at \$6,485,590,321. In raw dollars, the total assessed taxable property values in Bridgeport increased by over \$1.5 billion dollars. Here is a breakdown of the new taxable grand list assessment:

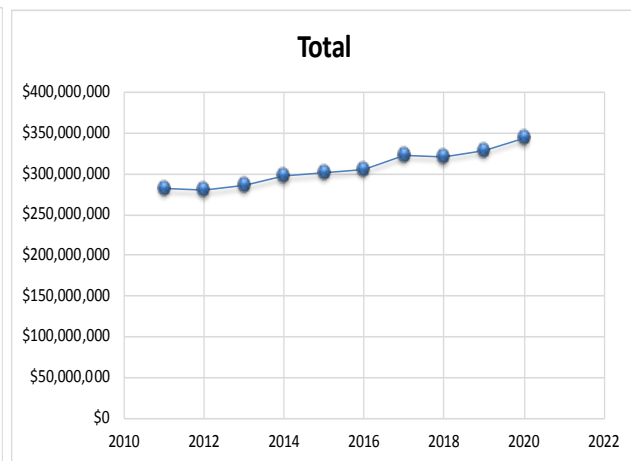

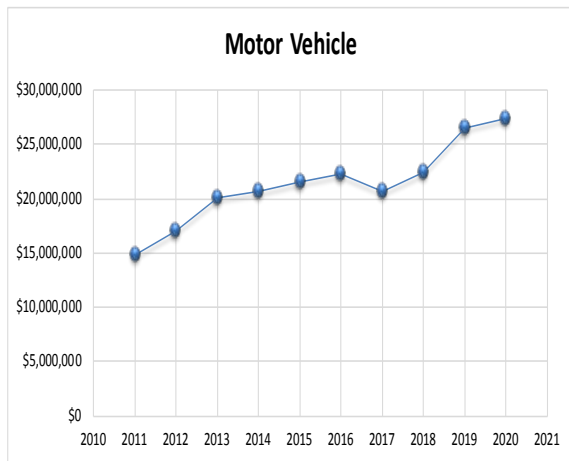

The October 2020 Grand List value will result in the city lowering the mill rate.

Connecticut’s large cities are regional hubs for jobs, health care facilities, colleges and universities and cultural centers. But Connecticut’s cities experience poverty rates that are twice as high as the state average. They are home to more than half of Connecticut’s homeless population, and we educate a student population that is multi-ethnic & lingual, who are poorer than their neighbors in commuting suburbs. In Connecticut, 5.2% of children speak a language other than English at home, in Bridgeport 13.4% of children speak a language other than English at home. Connecticut’s cities suffer from shouldering a disproportionate share of tax-exempt infrastructure, and so the property tax rate for residents ends up being higher than in neighboring suburbs. The cities of Connecticut struggle to balance budgets, provide services, and maintain services while keeping life affordable for our residents. This section of the book looks at Bridgeport in the context of our peer communities to offer a more complete view of our place among our municipal peers.

Our services and employment opportunities mean that our employers support many families who do not reside within our borders.

The City Council voted during the budget deliberation to transfer The Department on Aging from Public Facilities division into Health and Social Services division in FY21. For Department on Aging FY21 funded positions, please see Department on Aging information under Health & Social Services account# 01577000. These positions were transferred from Public Facilities division in FY20 into the Health and Social Services division in FY21 and that was the reason they were indicated as unfunded positions under Public Facilities in FY21.

-Press Release-

**Mayor Ganim, Leadership of U.S. Conference of Mayors Join Video Conference with President-Elect Biden and Vice President-Elect Harris**

**BRIDGEPORT, CT** – Mayor Ganim is among the leadership of the U.S. Conference of Mayors, consisting of approximately 60 bi-partisan mayors from across the country, that were joined on a call today with President-Elect Biden and Vice President-Elect Harris.

Today's video conference hosted by President-Elect Biden and Vice President-Elect Harris was a focused discussion on how city and federal leaders can work together to beat COVID-19 and the critical issues facing the country, states and cities with the related economic crisis.

This is the soonest that many mayors can recall ever having such a comprehensive and substantive transition meeting with an incoming president. "This means a lot to Bridgeport and many other cities in Connecticut that we are seeing such quick engagement with a transition meeting hosted by President-elect Biden and Vice President-elect Harris," stated Mayor Ganim. "Discussions included everything from response to COVID, COVID relief, social and criminal justice, to improving infrastructure in cities across the country."

The president-elect, vice president-elect, and the mayors discussed critical ways states and the federal government can work together to beat COVID, expanding testing, preparing for the distribution of vaccines, shoring up shortages on supplies and equipment, making sure schools can open safely, and securing economic relief for individuals, businesses, cities, and states.

The president-elect and vice president-elect acknowledged that mayors are on the front lines of dealing with COVID and the economic recovery — and made clear their intention to improve coordination with city, state, and local governments to ensure an effective, bipartisan response.

1. Workers Compensation third party administrator contract was approved by City Council and executed. The selected carrier.
2. The City's Transitional Work Program is working, however, due to COVID-19 some departments were unable to accommodate light duty assignments and the City's requirement to reduce the work force to fifty percent capacity. The workers compensation third party administrator continues to aggressively communicate with the providers in the medical care plan of the City's transitional work program.

FY 2020 – 2021 ADDITIONAL TARGETED ACCOMPLISHMENTS:

---

1. The CT Partnership transfer of carriers target for July took place on October 1, 2020 due to the COVID-19 shutdown. This transition, unfortunately, did not go as smooth as we had wished. Many of our employees and retirees were uploaded into incorrect groups which caused claims to process incorrectly with deductibles. This error was caught rather quickly due to auditing by both City/BOE staff and new cards were issued to the affected employees/retirees. Overall, employees are pleased with the plan benefits.
2. The CT Partnership Medicare group membership continues to increase as retirees reach Medicare age or receive Medicare due to disability. Current Membership is 204. The retirees have not lodged any complaints as the benefit closely mirrors the pre-Medicare plan through the Partnership plan.
3. Fully revamped Human Resources Webpage.

**PRESS RELEASE-  
 MAYOR GANIM, SMBE, CITY OF BRIDGEPORT OFFICIALS ANNOUNCE 144 SMALL BUSINESSES TO RECEIVE THEIR SHARE OF \$1MILLION IN GRANT AWARDS.**

Mayor Ganim, City Council, Bridgeport Small & Minority Business Enterprise, Office of Economic Development Visit “Eat Fish” to Notify Owners of Their \$10,000 CARES Act Grant Award

**BRIDGEPORT, CT** – Mayor Ganim, in partnership with the United States Department of Housing and Urban Development (HUD), the City’s Small and Minority Business Enterprise Office (SMBE), the Office of Planning and Economic Development (OPED), the Bridgeport Regional Business Council (BRBC), with Bridgeport City Council announce that Bridgeport’s CARES ACT Small Business grants will be awarded to 144 small businesses in the City of Bridgeport.

This morning Mayor Ganim, City Council member Scott Burns along with representatives of Bridgeport’s Small & Minority Business Enterprise and Office of Planning & Economic Development made a “surprise” in-person notification to business owners of “Eat Fish” restaurant on Main Street. Bridgeport officials first met Eat Fish at their Grand Opening in June of 2019; then just 9 months later they, along with all other businesses - were faced with challenges and restrictions due to the COVID pandemic. Notification letters to each of the 144 qualifying small business grant recipients were issued this week. The grant was designed to assist local for-profit business owners of Bridgeport in the prevention, preparation, and response to COVID-19.

Mayor Ganim stated, “This funding opportunity provides a much-needed financial life-line for so many of our small businesses that found themselves suddenly impacted by the pandemic. We all learned through these challenging times brought on by COVID, it is my hope that this funding supports a stronger small business community in Bridgeport.”

Eligible uses of grant awards include:

- Short-term working capital and operating expenses
- Inventory, payment to essential vendors
- Advertising expenses related to publicizing changes in business offerings
- Staff/employee training in new operating procedures
- Newly acquired technology hardware related to adapting to the pandemic

Through provisions of the *US Coronavirus Aid, Relief, and Economic Security (CARES) Act*, HUD granted financial assistance to the City of Bridgeport; and Mayor Ganim and the City Council have allocated one-million dollars to benefit qualifying applicants that have suffered a harmful loss of business or revenue due to the pandemic.

**FY 2021 – 2022 SHORT TERM GOALS (To be achieved within one (1) year or less):**

**1. COVID-19 Response and Recovery.**

The Bridgeport Fire Department continues responding to COVID-19 incidents, at the same time establishing protocols to keep our members and the public safe. Initiatives underway include

training members to become vaccinators and be a collaborative partner in protecting all citizens from this deadly virus. (MG1)

**2. Increase Technology Solutions.**

Multiple programs nearing end of life provides an opportunity to leverage technology infrastructure investments with time saving programs that increase function and lead to greater transparency and utility to citizens.

**3. New Officer Development.**

Officer Development program to support a significant number of newly promoted Officers. This program will include hosting CT Certifications and ISO leadership training.

**4. Community Risk Reduction.**

With COVID-19 preventing scheduled smoke alarm installs and the ability to complete inspections, the Bridgeport Fire Department is eager to resume these activities and invest in the safety and protection of our citizens. (MG3)

**FY 2021 – 2022 MEDIUM-TERM GOALS (To be achieved within 1-5 years):**

**1. Apparatus Replacement.**

Continue to forecast replacement of fire apparatus to maintain compliance with National Fire Protection Association (NFPA) and State of Connecticut codes and standards. Reduce maintenance costs associated with older apparatus. Lead in the area of firefighter safety with designs that allow our firefighters to do their jobs in the most efficient, yet safest, way.

**2. Increase Insurance Services Office (ISO) Public Protection Classification Rating.**

Plan and execute on increasing the ISO rating for the Department, currently an ISO Class 3 rating. By increasing this critical rating, the department’s capabilities are recognized, and insurance rate savings may be realized by property owners leading in cost saving when considering economic development. (MG2)

**3. Increase Youth Outreach.**

Engage and encourage youth participation with partner Non-Governmental Organizations (NGOs) such as faith-based groups or scouting. Examine re-starting an Explorer position.

**4. Fire Training Facilities.**

Currently the Fire Department has two separate training facilities and the goal is to increase capabilities at one of the sites to encompass the majority of company level training. Planning underway to add a training prop at the South Ave Training Facility. This prop will enable a greater range of training drills which will focus on the core functions of search & rescue, forcible entry, ventilation, and extinguishment.

**FY 2021 – 2022 LONG-TERM GOALS (To be achieved in greater than 5 years):**

**1. Firefighter Safety.**

Our number one goal will always be firefighter safety. As an organization we will develop strategies and implement training programs to enhance firefighter safety and survival. Safety is both an individual and team responsibility. Leaders, Supervisors and employees must take an active role in their personal safety and the safety of their crews.

**2. Fire Station Renovations and /or Replacements.**

Replacing or renovating two of the Fire Department’s buildings are indicated. Fire station repairs are increasing at these older facilities. Proper space is essential for today’s fire apparatus and equipment and would increase substantially with new facilities. Energy efficiency increases can show significant long-term cost savings.

**3. Prevention and Preparedness.**

The Office of Emergency Management (OEM) will provide a comprehensive and integrated emergency management system that coordinates community resources to protect lives, property and the environment through mitigation, preparedness, response and recovery from all natural and manmade hazards that may impact our city. (MG3)

**FY 2020 – 2021 GOAL STATUS UPDATE:**

---

1. **Replace and promote retiring firefighters and officers. STATUS:** *Significant retirements created multiple openings, and all were filled with our active hiring list. Class 65 and Class 66 graduated the CT Fire Academy with many unique challenges due to COVID-19. Lieutenant promotional exam completed and the first round of promotions have been made, leading to all current vacancies filled.*
2. **Implement technology solutions. STATUS:** *Fireworks Inspection Software has been installed and implemented by the Fire Marshal Division. EnerGov program rollout coming soon in collaboration with other city agencies.*
3. **Increase core competencies across the Department. STATUS:** *Rescue Grant program training completed. The hosting of multiple CT Certification classes disrupted due to COVID-19. Active Assailant training with PD on hold until after pandemic.*
4. **Increase high hazard preplan data. STATUS:** *Technology updated for better capture and display of preplan data in our dispatch program. No additional preplans completed after COVID-19 restrictions in place.*
5. **Firefighter safety. STATUS:** *The entire department went through the cancer screening program, which was grant funded and very comprehensive. Additional gear extractors purchased and installed in stations that did not have that capability.*
6. **Apparatus replacement. STATUS:** *Two new pumper engines and one new aerial ladder are on order after purchase through a bid funded by a combination of grant and Capital Expenditure. Expected completion June 2021.*
7. **Increase ISO rating. STATUS:** *Meetings scheduled with ISO for review, in process of assembling all data – we believe an increase in the ISO rating for the Department is attainable.*
8. **Increase youth outreach. STATUS:** *Unable to follow-up on this initiative with modifications to schools due to COVID-19, still have plans to increase this area as we believe it will lead to more successful recruitment of City residents.*
9. **Fire training facilities. STATUS:** *Expansion to South Ave training facility underway with enhanced capabilities for training. This will accelerate in the Spring 2021.*

**City of Bridgeport, EOC Director Appleby Encourage Residents to Sign Up for BPTAlerts Emergency Notifications As Near Snow Storm Season**

FY 2021-2022 ADOPTED GENERAL FUND BUDGET  
EMERGENCY COMMUNICATIONS & OPERATIONS CENTER PROGRAM HIGHLIGHTS

**Bridgeport CT** – City of Bridgeport Emergency Operations Center Director Scott Appleby is encouraging residents to sign up for BPTAlerts ahead of the winter season and the first snow storm impacts Bridgeport. BPTAlerts is an emergency notification system that provides information on severe weather, power outages, storm response, utility outages, public health crisis, and city office closures.

“It’s important that residents have access to accurate, up-to-date information and it’s equally important that we, as City officials, take a moment to let residents know how to stay connected” stated Director Appleby. “Staying informed should be a part of each of our emergency preparedness plans and I encourage every Bridgeport resident to gain direct access to critical notifications by signing up for these alerts.”

FY 2021-2022 ADOPTED GENERAL FUND BUDGET  
PUBLIC FACILITIES ADMIN. PROGRAM HIGHLIGHTS

---

2. Reconstruction of City Hall of steps and ramp; design of North and South ends. **STATUS:** *Meeting goal. Steps and ramp design complete, under review while construction bid package prepared. Construction to start spring-summer months 2021.*
3. Continue improvements to City facilities, including buildings, parks and streets. **STATUS:** *Parks bathroom renovations complete at Seaside (3), Beardsley and Went, with more planned for summer 2021. Generator and switch gears replaced at City Hall and Police HQ. Health offices provided generators and freezers for improved vaccination capability. Trailers installed at Seaside Park for Covid testing facility. New fuel tank installed at Public Facilities Complex with low prices locked in for three years. More than \$2M paving program performed summer-fall 2020. Deco light replacement planned for downtown and Fairfield Ave spring-summer 2021. More listed below.*
4. Identify new location for Health Center to avoid major costs associated with maintaining current location at 752 East Main Street. **STATUS:** *Working with Administration, new location identified; building improvements assessment and design underway winter 2021 with construction expected immediately following.*
5. Begin construction to convert old Engine 10 Putnam St. to new East Side Senior Center. **STATUS:** *Project designed and put out to bid, resulting in need for additional capital funding request. If new funding authorized, expect to re-bid spring 2021 to provide for construction to start Aug-Sep 2021.*

**FY 2020 – 2021 MEDIUM-TERM GOALS STATUS UPDATE:**

---

1. Revise Transfer Station rules and regulations to hold commercial visitors responsible as such and charge them appropriately. **STATUS:** *Multi-year project involving other City departments, Administration and Council, as new policies need to be developed to improve verification and access to Transfer Station so that commercial entities representing as residents are identified and charged accordingly.*
2. Continue crackdown on illegal dumping through use of surveillance cameras and increased law enforcement. **STATUS:** *Meeting goal, continuous effort. From July-early January, illegal dumping cleanup was performed on 76 days, with 243 man-days devoted across 1346 sites, picking up 232 tons of bulk, 2 tons of metal and 629 tires. Working with Police department, additional cameras have been installed in strategic locations while improving access to tip-lines, resulting in citations and helpful news coverage. Illegal tire dumping is a particularly expensive issue for Public Facilities with volume of tires that must be generated by commercial operations; crackdown is among priorities. Also continuing to work with Health Department to cite blighted properties and with OPED to maintain them if City takes over.*
3. Work with other key City departments to re-establish vigorous enforcement of alternate side of street parking to provide better access to the curb for street sweeping, street vacuuming, snow removal and overall cleanup efforts. **STATUS:** *Major street sweeping effort coordinated by CAO and Public Facilities, with OPM assistance regarding Police OT helping to step up Police involvement Sept-Oct 2020. That level of coordination and interdepartmental effort needs to be sustained. Without parking enforcement and Police coordination, street sweepers frequently cannot access the curb and instead sweep the middle of the street, wasting resources. Schedule had been changed previous year to do on same day as Recycling, so sweeping twice per month instead of once, but results less than when major coordinated effort enforced. Additionally, Roadway manpower stretched very thin by filling in other areas, so not enough skilled drivers for sweepers. Need additional Maintainers.*
4. Continue to upgrade vehicle and equipment fleet. **STATUS:** *Meeting goal. Six new sanitation trucks delivered fall 2020 with a seventh in production. See Garage for other highlights. However, major capital infusion needed.*

FY 2020 – 2021 LONG-TERM GOALS STATUS UPDATE:

---

1. Continue trends in reduced energy consumption and expenditure levels. **STATUS:** *Goal partially met. Working closely with Finance Director and professional energy consultants. Directions taken this year: returned to standard offer for natural gas supplier for microgrid as attempt during FY20 with third party supplier did not lower costs; engaging in full audit of all electric accounts with outside firm at no cost/percentage-savings basis. Installed new lighting, a/c, boiler, hot water heater and other upgrades at Ralphola Taylor Center through UI Incentive Program and City capital. Working with Parks to locate any areas where separate water metering would help lower sewer costs. New revenues established from microgrid, although demand capacity sales lower than expected due to many closures and widespread work-from-home due to pandemic response.*
2. Work with other officials to develop improved recycling structure. **STATUS:** *Goal may be unattainable as it is a problem beyond the control of local officials or departments. Global markets have reduced the value of many commodities below zero. What had been a revenue to the City of approximately \$129,000 has shifted to an expense projected at approximately \$539,000 for FY21. If the City were allowed to treat some recyclables as solid waste until the market returns, that would help our expenses. But that would violate statutes, and changing those statutes is a non-starter with DEEP. Instead, DEEP is pushing for more recycling even though recycling now costs approximately 30% more than refuse to tip, and as much as 40% of what is sent to be recycled ends up at the Wheelabrator solid waste incinerator anyway. Recent legislation introduced in New York State may be an interesting model as it starts to hold manufacturers accountable as a key component of the solution.*

Vendors/agents identified, programs established, and revenues being collected (approximately \$30,000 and \$4,000, respectively, through first half FY21). Demand capacity down due to Covid closures and widespread work-from-home, should climb back after pandemic.**

FY 2020 – 2021 MEDIUM-TERM GOALS STATUS UPDATE:

FY 2020 – 2021 LONG-TERM GOALS STATUS UPDATE:

1. Continue to drive down utility consumption and costs across all City accounts. **STATUS: Goal partially met. Working closely with Finance Director and professional energy consultants. Directions taken this year: returned to standard offer for natural gas supplier for microgrid as attempt during FY20 with third party supplier did not lower costs; engaging in full audit of all electric accounts with outside firm at no cost/percentage-savings basis. Installed new lighting and other upgrades at Ralphola Taylor Center through UI Incentive Program. Working with Parks to locate any areas where separate water metering would help lower sewer costs. New revenues established from microgrid, although demand capacity sales lower than expected due to many closures and widespread work-from-home due to pandemic response.**

FY 2020-2021 ADDITIONAL ACCOMPLISHMENTS:

1. Provided extra measures in City buildings to help continue operations safely during pandemic: installed plexiglass barriers in all offices in City Hall and all MMGC offices that interact with the public; all Fire and Police departments' eating areas. Worked with state to install new testing facility at Seaside Park in December, including providing four trailers and utilities. Added part-time cleaning crews for additional cleaning of offices, along with outside vendors for deep cleaning of offices when warranted.

ROADWAY MAINTENANCE PROGRAM HIGHLIGHTS

FY 2021- 2022 SHORT TERM GOALS (Achieving in 1 year or less):

1. Continue crackdown on blighted properties and illegal dumping, working with Police and other departments to promote clean, safe public spaces. (MG3)
2. Dedicate more seasonal employees to paper picking and illegal pickup. (MG3)
3. Add additional full-time positions to provide additional workforce for mad-vacs, sweepers, snow removal, illegal trash removal, brush and leaf pickup, potholes/patching and all the operations Roadway performs daily, but is regularly left with fewer than a dozen per day due to assignments in other divisions. (MG3)
4. Continue to work with central administration to gain increased parking enforcement and Police involvement to improve efficiency of street sweeping efforts. (MG3)
5. Continue to increase productivity and efficiency of pothole repair by utilizing our Durapatcher which can repair twice as much as our normal pothole crew on a daily basis, providing better street maintenance for improved economic development and public safety. (MG3)

FY 2021 - 2022 MEDIUM-TERM GOALS (Achieving within 1-5 years):

1. Continue employee development through Public Works Academy covering: Professional & Communication Skills, Operational Safety, Road Fundamentals, Work Zone Safety/Flagger Certification, Chainsaw Safety & Storm Clean Up, and Winter Operations and Safe Snow Plowing.
2. Continue development of our Management Team through Road Master Program covering Basics of a Good Road, All About Asphalt Pavements, Principles of Drainage for Local Roads, On-the Job Safety and OSHA Regulations for the Local Road Personnel, Work Zone Safety for Maintenance Operations for Local Roads, Planning and Managing Local Road Snow and Ice Control Activities, Defensive Driving for Public Works, and Backhoe Safety and Operations.
3. Continue to cross-train employees on all equipment where applicable to ensure the safe operation of equipment, to prepare employees for promotion and to better utilize employees and equipment.
4. Additional training for supervisors on Bridgeport 311 so our response time is faster and proper department receives requests.

FY 2020-2021 SHORT TERM GOALS STATUS UPDATE:

1. Dedicate more seasonal employees to paper picking and illegal pickup. **STATUS:** *Partially meeting goal. Paper-picking and litter collection were performed on 93 days from July-Dec, consuming 474 man-days, collecting more than 107 tons, but seasonal employees were available less than planned because of lack of applicants due to Covid.*
2. Continue crack down on blighted properties and illegal dumping. **STATUS:** *Meeting goal, ongoing, continuous effort. From July-early January, illegal dumping cleanup was performed on 76 days, with 243 man-days devoted across 1346 sites, picking up 232 tons of bulk, 2 tons of metal and 629 tires. Working with Police Department; additional cameras have been installed in strategic locations while improving access to tip-lines, resulting in citations and helpful news coverage. Also continuing to work with Health Department to cite blighted properties and with OPED to maintain them if City takes over.*

FY 2021-2022 ADOPTED GENERAL FUND BUDGET  
ROADWAY MAINTENANCE PROGRAM HIGHLIGHTS

---

3. continue to increase productivity and efficiency of pothole repair by utilizing our Durapatcher which can repair twice as much as our normal pothole crew on a daily basis. **STATUS:** *Partially meeting goal. Ongoing effort. Machine tends to require experienced employees to operate effectively. Over-reliance on seasonals and multiple demands on existing workforce can result in inexperienced operators for Durapatcher, with less effective mixing and more frequent breakdowns. Need more consistent refill of vacant positions along with ability to devote Roadway personnel more consistently to Roadway activities.*

**FY 2020 – 2021 MEDIUM-TERM GOAL STATUS UPDATE:**

---

1. Continue employee development through Public Works Academy covering: Professional & Communication Skills, Operational Safety, Road Fundamentals, Work Zone Safety/Flagger Certification, Chainsaw Safety & Storm Clean Up, and Winter Operations and Safe Snow Plowing. **STATUS:** *Partially meeting goal. Efforts ongoing, but Covid restrictions inhibiting collective instruction.*
2. Continue development of our Management Team through Road Master Program covering Basics of a Good Road, All About Asphalt Pavements, Principles of Drainage for Local Roads, On-the Job Safety and OSHA Regulations for the Local Road Personnel, Work Zone Safety for Maintenance Operations for Local Roads, Planning and Managing Local Road Snow and Ice Control Activities, Defensive Driving for Public Works, and Backhoe Safety and Operations. **STATUS:** *Partially meeting goal. Efforts ongoing, but Covid restrictions inhibiting collective instruction.*
3. Continue to cross-train employees on all equipment where applicable to ensure the safe operation of equipment, to prepare employees for promotion and to better utilize employees and equipment. **STATUS:** *Partially meeting goal. 4. Additional training for supervisors on Bridgeport 311 so our response time is faster and proper department receives requests. **STATUS:** *Partially meeting goal. Efforts ongoing, but Covid restrictions inhibiting collective instruction.*

**FY 2020 – 2021 ADDITIONAL TARGETED ACCOMPLISHMENTS:**

---

1. For illegal dumping in FY20, a total of 2255 sites, consuming 388 man-days, resulting in 394 tons of bulk, 28 tons of metal and 1415 tires.
2. Leaf collection FY20: total of 786 man-days to collect 1802 tons of leaves.
3. Street sweeping: 502 man-days consumed to sweep total of 7577 lane miles FY20, removing 1368 truckloads of road debris.
4. Potholes FY20: 324 man-days at 9978 sites, using 182 tons purchased asphalt and 124 tons reclaimed.
5. Continued to provide manpower to Sanitation/Recycling, Transfer Station, and other divisions to help with deficiencies in those activities. Frequently have fewer than 12 Roadway employees available for actual Roadway duties each day.
6. Patched 150 sites, using 314 man-days, 417 tons purchased asphalt and 3 tons reclaimed.

**'KILLER' TO ELIMINATE POTHOLES  
THROUGHOUT THE PARK CITY**

**BRIDGEPORT, CT** – The City of Bridgeport Department of Public Facilities (DPF) announces that 'The Pothole Killer' has returned and has already begun repairing potholes in the Park City on main and highly traveled roads. The City of Bridgeport has leased the repair tool for two to three weeks which will allow for the DPF crew to fill each pothole in two minutes or less. Additionally, 'The Pothole Killer' results in a more permanent solution, lasting 3-5 years compared to temporary solutions such as cold patch repairs.

**Street Sweeping on the East Side**

**Bridgeport, CT** – City of Bridgeport officials remind residents that Street Sweeping has begun and requests drivers to follow alternate side of the street parking on main roads Monday through Saturday during the removal of debris and garbage by crew members in preparation for the winter season.

SANITATION & RECYCLING

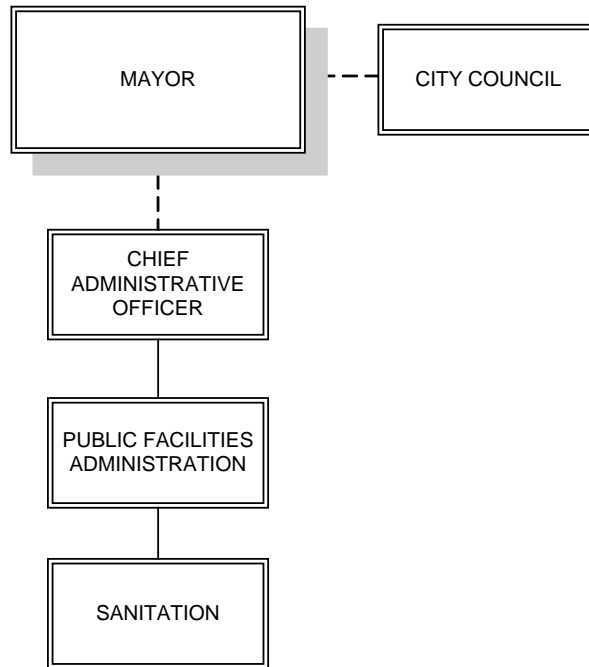

---

MISSION STATEMENT

The Sanitation Division provides weekly curbside collection of all general household solid waste in the City in compliance with all applicable City, State and Federal health, environmental and safety regulations.

The Recycling Division removes recyclable materials from the solid waste stream through collection and transportation to a regional intermediate processing center as prescribed by City ordinance. Recycling provides bi-weekly curbside household recycling collection of glass, metal food containers, newspapers, HDPE & PETE plastics while also providing recycling of tires, white metal goods and batteries through the Transfer Station. In addition, Recycling removes and processes leaves and tree trimmings for composting and use in City landscaping projects. All services are provided with strict adherence to all applicable Environmental Protection Agency & Department of Environmental Protection regulations.

The Sanitation/Recycling Division accomplishes these tasks with 31 total full-time positions: one manager, one foreman, 2 supervisors and 27 maintainers. There are 12 daily sanitation routes and 4 daily recycling routes, with each route performed by a crew of two.

Reduce  Reuse  Recycle

FY 2021-2022 ADOPTED GENERAL FUND BUDGET  
SANITATION / RECYCLING PROGRAM HIGHLIGHTS

---

FY 2021 – 2022 SHORT TERM GOALS (Achieving in 1 year or Less):

1. Work with elected officials in developing policies to reduce recycling costs while also reducing solid waste tonnages and avoiding increased costs overall. (MG3)
2. Reduce number of daily open routes by adding to roster of Maintainer IIIs, thereby reducing wear on workers, reducing lost time and increasing available drivers for snow events.
3. Continue safety training to sustain progress in prevention of work-related injuries and reduce open routes and related overtime, the number and expense of Workers' Compensation Claims, equipment damage due to improper operation, and absenteeism due to injury. Safety training will include bending/lifting techniques, defensive driving, safe entrance/exit from vehicles and equipment, proper use of rollout carts and automated lifters, lock-out/tag-out training, blood-borne pathogen training.
4. Work with administration and Council to implement program where residents can buy replacement or additional rollout carts directly from the City. (MG3)

FY 2021 – 2022 MEDIUM-TERM GOALS (Achieving within 1-5 years):

1. Install new signage at condos for dumpster rules.
2. Update condo management contacts.
3. Implement a more detailed rollout cart tracking system to provide date delivered, address and serial numbers. MG3
4. Re-evaluate all refuse routes to ensure balance required by collective bargaining agreement (maximum 12 tons per route) while also reducing number of daily refuse routes from twelve to eleven.

FY 2021 – 2022 LONG-TERM GOALS (Achieving in greater than 5 years):

1. Replace metal dumpsters with plastic to reduce employee injuries, wear and tear.
2. Continue to replace rollout carts gradually throughout City through General Fund to avoid capitalizing large expense all at once.

FY 2020 – 2021 SHORT TERM GOALS (Achieving in 1 year or Less) STATUS:

1. Work with elected officials to develop policies to reduce recycling costs while also reducing solid waste tonnages and avoiding increased costs overall. **STATUS: *Goal may be unattainable as it is a problem beyond the control of local officials or departments. Global markets have reduced the value of many commodities below zero. What had been a revenue to the City of approximately \$129,000 has shifted to an expense projected at approximately \$539,000 for FY21. If the City were allowed to treat some recyclables as solid waste until the market returns, that would help our expenses. But that would violate statutes, and changing those statutes is a non-starter with DEEP. Instead, DEEP is pushing for more recycling even though recycling now costs approximately 30% more than refuse to tip, and as much as 40% of what is sent to be recycled ends up at the Wheelabrator solid waste incinerator anyway. Recent legislation introduced in New York State may be an interesting model as it starts to hold manufacturers accountable as a key component of the solution.***
2. Reduce number of daily open routes by adding to roster of Maintainer IIIs, thereby reducing wear on workers, reducing lost time and increasing available drivers for snow events. **STATUS: *Partially meeting goal. One position added for FY21. Budgeted positions for FY21 remain five below what's required to staff two workers in each route. Roadway employees pulled daily into open routes, thereby reducing the effectiveness of Roadway's operations.***

Defensive driving training conducted, but other training delayed due to COVID-19 restrictions.**

FY 2020-2021 MEDIUM-TERM GOALS (Achieving within 1-5 years) STATUS:

1. Install new signage at condos for dumpster rules. **STATUS: Ongoing effort. New signs posted to help reduce bulk items thrown in dumpsters and others to improve recycling compliance.**
2. Update condo management contacts. **STATUS: Continuing effort.**
3. Implement a more detailed rollout cart tracking system to provide date delivered, address and serial numbers. **STATUS: Working on utilizing SeeClickFix to track inventory more effectively.**
4. Re-evaluate all refuse routes to ensure balance required by collective bargaining agreement (maximum 12 tons per route) while also reducing number of daily refuse routes from twelve to eleven. **STATUS: Efforts suspended as COVID-19 and work-from-home have driven tonnages higher.**

FY 2020-2021 LONG-TERM GOALS (Achieving in greater than 5 years) STATUS:

1. Replace metal dumpsters with plastic to reduce employee injuries, wear and tear. **STATUS: Efforts ongoing.**

FY 2020 - 2021 ADDITIONAL TARGETED ACCOMPLISHMENTS:

1. Added six new sanitation trucks through funding provided by Council and administration.
2. Continued to perform twelve sanitation routes and four recycling routes daily despite shortness in staff, and COVID-19 restrictions.
3. Sanitation and Recycling continue to be among leaders in Public Facilities for fewest number of injury claims and workers' comp lost time. Accomplishment admirable considering department history, illustrating effectiveness of accident investigations, shop-talk discussions, and zero tolerance approach.

FY 2021 – 2022 SHORT TERM GOALS (Achieving in 1 year or Less):

1. Continue to save the City more than \$300,000 per year by operating the Transfer Station in-house, avoiding the cost of an outside operator.
2. Landscape Property to improve appearance.
3. Install covers for 40yd containers to limit run off and secure loads.

FY 2021 – 2022 MEDIUM-TERM GOALS (Achieving within 1-5 years):

1. Work with City Council to revise rules, policies, Ordinances to improve control over access to Transfer Station, including better identification of businesses, and applying charges more accurately so that true residential users stop subsidizing businesses demanding to be treated as residents, reducing costs and enhancing revenues.
2. Computerize records to help identify frequency of haulers and charge businesses as such.
3. Add additional entrance lane to reduce wait time for residents.
4. Upgrade security to limit damage to equipment and stolen property.

FY 2021 – 2022 LONG-TERM GOALS (Achieving in greater than 5 years):

1. Improve verification of city residence for access to Transfer Station, thereby reducing expensive tonnage/tip fee and improving accounting for tons delivered to disposal/burn-plant, while also charging commercial haulers as such.

FY 2020 – 2021 SHORT TERM GOALS STATUS UPDATE:

1. Continue to save the City more than \$300,000 per year by operating the Transfer Station in-house, avoiding the cost of an outside operator. **STATUS:** *Meeting Goal. Transfer Station operations taken in-house Aug 1, 2016. FY19 would have been third year of private vendor operator contract had City not taken over and would have cost \$835,000 per year. The proposed contract called for increases each year of \$100,000, so FY20 likely would have been a cost of \$935,000 and FY21 over \$1M. Instead, City continues to operate Transfer Station in-house, saving more than \$300,000 per year.*
2. Landscape Property to improve appearance. **STATUS:** *Meeting goal. Landscaping maintenance performed bi-weekly.*
3. Install covers for 40yd containers to limit run off and secure loads. **STATUS:** *Meeting goal. Covers to be installed once welder completes snow maintenance repairs.*

FY 2020 – 2021 MEDIUM-TERM GOALS STATUS UPDATE:

1. Work with City Council to revise rules, policies, Ordinances to improve control over access to Transfer Station, including better identification of businesses, and applying charges more accurately so that true residential users stop subsidizing businesses demanding to be treated as

residents, reducing costs and enhancing revenues. **STATUS:** *Multi-year project involving other city departments, Administration and Council, as new policies need to be developed to improve verification and access to Transfer Station so that commercial entities representing as residents are identified and charged accordingly.*

2. Computerize records to help identify frequency of haulers and charge businesses as such. **STATUS:** *Ongoing effort.*
3. Add additional entrance lane to reduce wait time for residents. **STATUS:** *Related to above two goals, and should be performed when those are ready, not before.*
4. Upgrade security to limit damage to equipment and stolen property. **STATUS:** *Ongoing. Cameras in use.*

**FY 2020 – 2021 LONG-TERM GOALS STATUS UPDATE:**

---

1. Improve verification of city residence for access to Transfer Station, thereby reducing expensive tonnage/tip fee and improving accounting for tons delivered to disposal/burn-plant, while also charging commercial haulers as such. **STATUS:** *Partially meeting goal. Improving verification is multi-year effort: previous years-initiated analysis of comparable municipal residential transfer stations, assessing operations, software applications, residential ID-tags, load-tickets, studying potential future pricing for pick-up trucks versus mason-dumps, utility rack-body trucks. Examining different systems for allocating resident access and charges. New ordinances likely needed. Administration, City Attorney and Council necessary for developing new policy which will have effect of charging some tons not being charged now.*

**FY 2020 – 2021 ADDITIONAL TARGETED ACCOMPLISHMENTS:**

---

1. Continuing to work with CT DEEP on all compliance issues and permitting.
2. Managed to continue to operate throughout pandemic.

Goals	Original target percentage (%) of goals to be completed July - June (2020-2021).	Actual or Estimated percentage (%) of goals achieved July-June (2020-2021).	Reason for shortfall/success.

Goal#1	100%	100%	Operations in-house cheaper.
Goal#2	100%	100%	Maintenance bi-weekly; larger improvements when funds available.

**FY 2021 – 2022 SHORT TERM GOALS (To be achieved within one (1) year or less):**

1. To welcome returning and new golfers with great customer service, clean and safe facilities, and the best playing conditions daily in all seasons. This includes adhering to all Federal, State, and local Covid-19 pandemic guidelines for Golf Course facilities. (MG1, MG3)
2. To continue promoting Fairchild Wheeler Golf Course as a great recreation opportunity locally and regionally through marketing efforts coordinated through the Mayor’s Office Communications Department as well as conducting outreach to local businesses and other outlets via the web and social media. (MG2)
3. To complete the back Red sand bunker refurbishment capital project on holes 10 thru 18 to improve safety and playability while saving on time and resources for repairs due to inclement weather conditions. This involves making substantial drainage improvements to the sand bunkers as well as incorporating new capillary concrete construction methods to recover playing conditions more quickly after rain events.
4. To complete tree trimming and removals on Red course on holes 1,9, 10, and 18 to open sight lines and eliminate any potential obstructions that may hamper ease of play.
5. To complete additional cart path repairs/reconstruction on both the black and red course. This includes adding additional subbase and/or asphalt, improving drainage as well as guiding players to smooth transitions to and from tees, greens and between course holes.

FY 2021-2022 ADOPTED GENERAL FUND BUDGET  
FAIRCHILD WHEELER G.C. PROGRAM HIGHLIGHTS

---

6. To continue additional drainage improvements in fairways for the establishment and vitality of healthier turf, a reduction of any effects due to the surge of flood or stormwater runoff, and the ability to accommodate carts without an extended delay following heavy rain events.
7. To continue planting new flowering trees in areas of the golf course that will replace canopy loss from tree removals and provide enhanced vibrancy and color for players to enjoy.

FY 2021 – 2022 MEDIUM-TERM GOALS (To be achieved within 1-5 years):

1. To continue refurbishment of the front Red sand bunker project in the upcoming year that will be of the same quality and alignment to the back Red sand bunker refurbishment for safety and playability while also reducing labor and man hours restoring bunkers following inclement weather events.
2. To complete additional cart path repairs for safety to increase rounds of play despite any adverse or extreme weather conditions that may arise. To plan improvements to the parking lot welcome area.

FY 2021 – 2022 LONG-TERM GOALS (To be achieved in greater than 5 years):

1. To continue sand bunker refurbishment on the Black course.
2. To update the (20) twenty-year-old irrigation system for better water efficiency and the newest technology for water management and conservation.
3. To revisit the Golf Course Driving Range feasibility study. The project could potentially increase revenues dramatically. (MG2)

FY 2020 – 2021 GOAL STATUS UPDATE:

1. Drainage on 17 Black Course was completed. Holes 1 Red and 9 Red shall be addressed during the spring 2021.
2. Tree Pruning and removals of dead trees located around hole 17 on the Black course were completed to let more sun light and air flow into the putting green for healthier turf and aid in less frost on the putting surface.

FY 2020 – 2021 ADDITIONAL TARGETED ACCOMPLISHMENTS:

1. Adhering to and following Federal, State, and local COVID-19 Pandemic Guidelines, the Golf Course re-opened in mid-May 2020. The Golf Course has continued to be a great success with increased play, revenue and rounds projected for FY2021.
2. The Golf Course replaced several pieces of outdated equipment to expedite the completion of timely jobs throughout the course while also eliminating course delays or distractions hampering the flow of play. A new fairway mower, 4 utility carts and a 4x4 utility cart were added. In addition, a new greens roller and walk-behind mower for The First Tee practice putting green was purchased. The driving range ball machine was replaced with a new updated model. Lastly, the procurement of a new compact utility tractor is in progress to replace an 18-year old tractor.
3. The Golf Course added flowering trees to the front Black course on holes 1 and 5.
4. The Golf Course reconstructed the flower bed at the welcome entrance on Easton Turnpike entrance with new retaining wall blocks with assistance from Public Facilities.

\*Tree Maintenance Expenditures 6-month expenditures only reflect General Fund expenses and does not include the majority of TS ISAIAS expenditures.

1. To continue to deliver extensive services to City residents and visitors throughout over 50 parks and open spaces we maintain while prioritizing safety. This includes ensuring all parks and park facilities adhere to Federal, State, and local COVID-19 guidelines as applicable to events, gatherings, and best practices to stop the spread. (MG1, MG3)
2. To continue to work with the Administration, Police Department, Public Facilities, and residents of Bridgeport to ensure safe recreational havens in all parks. This includes the development of wayfinding signage for Beardsley and Seaside, the posting of Rules and Regulations signs in highly visible areas to inform the public at all parks to deter vandalism and provide better grounds for enforcement of the rules and regulations. (MG3)
3. To enhance, maintain and protect the urban tree canopy through proper tree care and maintenance practices. To implement citywide street tree plantings and encourage community residents and neighborhoods to be engaged in environmental stewardship. (MG3)
4. To Increase Training Opportunities and Professional Development for Parks & Recreation staff.

FY 2021 – 2022 SHORT TERM GOALS (To be achieved within one (1) year or less):

1. To keep parks and all facilities within parks clean and safe for use following Federal, State and Local COVID-19 Guidelines through comprehensive protocols designed to provide the best customer service, maintenance, and information to all visitors to City parks. This includes distribution of staffing to monitor cleanliness in all parks as well as park restroom facilities. The Parks Maintenance Division works very closely with the Public Facilities Building Maintenance Division and the Recreation Department to prepare for the re-opening of parks safely, in a timely manner, and to support permitted sports activities on fields. Additional fencing is also being explored for specific splash pad locations and playground areas to enhance safety and access. (MG1)
2. To initiate and implement a parks capital improvement program that will renovate existing facilities in need of extensive repairs and/or updates. This includes a comprehensive review of all courts, fields, playgrounds, restrooms, splash pads, picnic areas and other park amenities such as receptacles (both decorative and automated litter containers) as well as signage.

The initial draft list of priorities includes but are not limited to the following:

- Updating restroom fixtures at Went Field
- Architectural design of renovations to the existing Newfield Park restroom.
- Court improvements at Glenwood, Puglio, Washington and Central High/Kennedy Stadium.
- Various park improvements to Beardsley, Seaside, Newfield, and Went Field.
- The plan also includes beautification initiatives such as the Juneteenth Memorial at Newfield Park, new plantings to provide color at the entrances of Seaside Park, and flowering trees to be planted at Washington Park. Picnic areas where grills, benches and picnic tables that need to be replaced or additional amenities may be added are also being evaluated for improvements in 2021 and 2022.
- In addition, new playground equipment and furnishings are planned to replace outdated equipment and increase play value. A goal to achieve in 2021-2022 includes preparing comprehensive improvements to Went Field playground and community picnic areas. In other neighborhood parks such as McGovern, Lafayette (Nanny Goat) playgrounds are being evaluated for needed updates and where playground renovations are possible and can be done in the short term, those projects will be prioritized.
- Field improvements include newly refurbished clay infields, repaired fencing, and dugout benches at Newfield Diamond 1 and 2, Seaside Diamond 11 and Beardsley Diamond 5.

FY 2021-2022 ADOPTED GENERAL FUND BUDGET

PARKS ADMINISTRATION

PROGRAM HIGHLIGHTS

- Future walking track improvements are being prioritized in the following manner: Seaside Park Bandshell, and at Newfield, Went Field and Kennedy Stadium. (MG1, MG2, MG3)
- To replace outdated Parks Maintenance Division equipment that is utilized daily with new equipment to increase safety and provide better visible maintenance results. This includes replacing at least (4) four trailers, (1) one ball-field grooming machine, (2) two mowers, (1) one tractor and (1) new beach comber attachment.

FY 2021 – 2022 MEDIUM-TERM GOALS (To be achieved within 1-5 years):

1. To develop and draft a comprehensive Parks Improvement, Maintenance and Operations plan that establishes levels of care and standards, while also identifying areas of need and upgrades. The plan shall also incorporate best practices for the department to continue to provide the highest quality of parks to the public during all seasons. To continue to maintain the Parks and Recreation Department equipment inventory and fleet. To replace what equipment may be in disrepair and/or outdated through careful planning and supervisory oversight. (MG3)
2. To improve and upgrade park restrooms. This includes improving existing restroom facilities while determining the feasibility of introducing new restrooms in areas where public restrooms may be needed. Adding any new restrooms would necessitate the expansion of staffing distribution for frequent cleanings when restrooms are open to the public. (MG1, MG3)
3. To train and equip Parks Maintenance Division staff to be able to take on more tree work responsibilities that are needed within the park system and on city streets into their daily workflow and in doing so offset overall expenses incurred for hiring outside contractors where possible. This initiative has already been under way through the City's in-house stump grinding pilot program which has grinded over 200 stumps thus far this year as well as addressing several See Click Fix tree maintenance requests that are within their current abilities. (MG3)
4. To continue to update and improve the functionality of the Parks and Recreation Dep Website to provide clearer information as well as helpful details about each park, event programming available and permitting policies and requirements for residents as well as organizations. (MG1)

FY 2021 – 2022 LONG-TERM GOALS (To be achieved in greater than 5 years):

1. To explore opportunities for increased collaboration and public private partnerships to enhance arts, culture, events, and programming in the parks through sponsorships and collaboration. (MG2)
2. To consider increasing Parks Administration as well as Parks Maintenance Division full-time staff where and when possible to better serve residents on a scale that is needed for Bridgeport's sizeable park system to meet the challenges and opportunities of an everchanging environment, especially after facing the COVID-19 pandemic. (MG3)
3. To start the assessment, improvements and promotion of available walking trails located within the Bridgeport Park system. In 2020 the Parks and Recreation Department at the encouragement of the ITS Department submitted the names of several parks to METROCOG for a regional trail mapping initiative. During COVID-19 pandemic, the public interest in finding parks and areas to maintain social distance and enjoy the outdoors were heightened. Urban wooded hiking trails present a great opportunity for the department to improve and promote to the community to enjoy nature in the Park City.

FY 2020 – 2021 GOAL STATUS UPDATE:

1. To continue to deliver extensive services to City residents and visitors throughout over 50 parks and open spaces we maintain while prioritizing safety. **STATUS: *The Covid-19 Pandemic created several challenges for the Department of Parks and Recreation to overcome. All operations were greatly affected. The Department of Parks and Recreation worked closely with the Chief Administrative Office, Public Facilities and the Health Department to adhere to Federal, State and Local COVID-19 guidelines to re-open parks, facilities as well as some park amenities (such as splash pads in the summertime) for the public. This also required increased coordination with all departments and the Administration to facilitate access to the two key signature parks (Seaside and Beardsley) during peak season safely. The department monitored the capacity of parks to maintain social distancing and followed Federal, State, and local guidelines for public restrooms during COVID-19 Pandemic. Improvement projects at various parks are ongoing. The first of several outdated playgrounds were renovated, with the first one being at Manila Park, completed in 2020, where new equipment and a swing set, benches and trees were installed. Additional safety lighting and receptacles are planned at Manila as well. Please see short term goals above for additional information on where the department strives to deliver increased productivity where achievable in 2021.***

**Splash Pads**

**Pleasure Beach**

2. To continue to work with the Administration, Police Department, Public Facilities, and residents of Bridgeport to ensure safe recreational havens in all parks. This includes the posting of Rules and Regulations signs in highly visible areas to inform the public, deter vandalism and provide better grounds for enforcement of the rules and regulations. **STATUS: *During COVID-19 Pandemic increased signage providing information related to closures and limited capacity were installed. Working with the Emergency Operations Center, Public Facilities Lines & Signs Division and the Mayor’s Office Communications Department, information was provided at Seaside and Beardsley as well as other key neighborhood locations on message boards to inform the public of COVID-19 Guidelines such as maintaining 6’ social distancing, wearing masks and limited gatherings. In addition, safety cameras were updated in key locations in partnership with the Department of Public Facilities and the Police Department. At Central High School and Kennedy Stadium additional outdoor lighting was coordinated with the utility company to provide safety in the upper and lower campus parking lot areas.***

3. To enhance, maintain and protect the urban tree canopy through proper tree care and maintenance practices. To implement citywide street tree plantings and encourage community residents and neighborhoods to be engaged in environmental stewardship. **STATUS:** *The Parks and Recreation Department has been actively in the process of addressing all See Click Fix Tree Maintenance requests either through an outside arborist contractor, contacting the utility company or if on state roads the Department of Transportation, or through deploying its own Parks Maintenance Division. On August 4, 2020 Tropical Storm ISAIAS caused extensive tree damage in all City neighborhoods which required additional resources and coordination for the City to fully complete the cleanup and recovery. In the aftermath, an increased focus on removing storm-damaged trees and subsequent stump grinding was undertaken thru both an outside contractor as well as the Parks Maintenance Division, which cumulatively resulted in the grinding of over 450 stumps (mostly in the right of way although many in parks as well) from September 2020 through January 2021. The department planted 15 trees at Manila playground and has sent a list of locations where stumps were grinded to Community Development to determine the eligibility for using an existing CDBG grant for City Tree Planting Programs to replace with appropriate tree species. Through the parks detailing assessment guided by the Chief Administrative Office, the Parks Maintenance Division has already started assessing and removing trees that are in poor condition in all parks while also incorporating in the same process planting initiatives on a limited basis where the opportunity arises.*

4. To complete the assessment of the Perry Memorial Arch at Seaside Park to protect and preserve the monument for generations to come. To complete the Beardsley Park Master Plan to help inform the enhancement and preservation of this historic park designed by Frederick Law Olmsted.

**STATUS:** *The Perry Memorial Arch assessment has commenced and included the consultant’s accessing the interior and roof to closely inspect and analyze the structure by means of an aerial lift in June 2020. A preliminary cost estimate and assessment report has been received from the consultant in January 2021. The Department is actively seeking funding through a variety of sources, including grants, to complete the restoration. The Beardsley Park Master Plan has been revisited and helped guide much of the invasive removals conducted along the Pequonnock River in October 2020. We hope to present the final draft of the plan in 2021 to the Board of Parks Commissioners for approval.*

**Perry Memorial Arch**

**1901 Memorial Gate**

5. To Increase Training Opportunities and Professional Development for Parks & Recreation staff. **STATUS:** *During Covid -19 the orientation of all staff including seasonals was emphasized when re-opening checkpoints, restrooms, and other park areas such as splash pads. The adherence to COVID-19 Guidelines has been the utmost priority for all Parks and Recreation staff during the pandemic to ensure safety of both staff and the public. Chainsaw Training was being sought for Parks Maintenance Division and Golf Course staff however due to the COVID-19 pandemic the in-person training has been postponed.*

FY 2020 – 2021 ADDITIONAL TARGETED ACCOMPLISHMENTS:

Parks cleanup and detailing was conducted at several parks with additional guidance from the Chief Administrative Office including BJ Brown Park, Glenwood Park, Beardsley, and Seaside Parks among others.

---

## MISSION STATEMENT

The Building Department issues permits and inspects work done to all buildings and other structures. Permits include building, electrical, plumbing, heating, air conditioning, fire protection sprinklers and extinguishing systems, refrigeration, demolition and signs. Applications for permits are reviewed for conformance to all applicable laws, codes and ordinances. A permit constitutes permission to proceed with the approved work. The purpose of permits and inspections is to ensure public safety, health and welfare insofar as they are affected by building construction, through structural strength, adequate exit facilities, fire safety, light and ventilation and sanitary equipment. The Building Department function is to secure safety to life and property from hazards incident to the design, erection, repair, removal, demolition or planned occupancy of buildings, structures or premises.

**FY 2021 – 2022 SHORT TERM GOALS (To be achieved within one (1) year or less):**

1. Protect the health, safety and welfare of the public. This will be achieved through the enforcement of applicable laws and codes to provide safe, energy efficient, accessible buildings in the City of Bridgeport. (MG3)
2. Reduce open permit backlogs and increase issuances of Certificates of Occupancy. (MG3)
3. Continue to seek ways to shorten the plan review process times.
4. Continue to support and work towards digitization of permit process.

**FY 2021 – 2022 GOAL STATUS:**

1. Protect the health, safety and welfare of the public. This will be achieved through the enforcement of applicable laws and codes to provide safe, energy efficient, accessible buildings in the City of Bridgeport. **STATUS: Continuing diligent plan review and inspections contribute to the goal. Active enforcement of violations also serves to protect the public.**
2. Reduce open permit backlogs and increase issuances of Certificates of Occupancy. **STATUS: The Building Department has endeavored to reduce open permit backlogs and issue certificates of occupancy. Permits are chosen weekly for follow-up final inspection appointments. The necessity of having the Deputy Building Official perform plan review duties has reduced the ability to perform the necessary functions to generate additional certificates.**
3. Continue to seek ways to shorten the plan review process times. **STATUS: The Building Department performs plan review in the order the applications are received in the office. This is the only fair and equitable method, however, smaller projects such as pools, sheds, garages, roofing and siding are reviewed weekly to avoid delays behind larger projects. The departure**

FY 2021-2022 ADOPTED GENERAL FUND BUDGET  
ZONING COMMISSION PROGRAM HIGHLIGHTS

---

FY 2021 – 2022 SHORT TERM GOALS (To be achieved within one (1) year or less):

1. Despite the COVID-19 “by-appointment-only” protocol strive to be up to date with daily office procedures including honoring requests by real estate agents, attorneys, banks, and property owners.
2. Work diligently with the Health Department and Fire Marshal to facilitate patio permits which allows restaurants to remain in business and meet CT State Statue COVID-19 requirements.
3. Acknowledge and inspect constituent complaints in a timely manner.
4. Conduct Zoning public hearings via Zoom so land use development continues in the City of Bridgeport.
5. With help of the ITS department continue staff training on the use of the new “ENERGOV” computer program.

FY 2021 – 2022 MEDIUM-TERM GOALS (To be achieved within 1-5 years):

1. Work closely with the Planning Department and outside consultant to rewrite and implement new Zoning regulations.
2. Continue to work with the ITS Department and outside consultants to improve the recently installed “ENERGOV” program which will enable the self-service online process of Zoning & Building Permit applications by constituents.
3. Seek to have the Mayor’s office appoint “alternate” Commissioners for both the Planning & Zoning Commission and especially the Zoning Board of Appeals as it has had to cancel meetings due to a lack of quorum.

FY 2021 – 2022 LONG-TERM GOALS (To be achieved in greater than 5 years):

1. Confirm land use approvals remain in compliance to the conditions established by ZBA & PZC.

FY 2020 – 2021 GOAL STATUS UPDATE:

1. All additional staffing to be determined by OPED department.
2. “ENERGOV” computer program has been installed.

FY 2020 – 2021 ADDITIONAL TARGETED ACCOMPLISHMENTS:

1. The Inspectors continue to generate revenue due to their hard-working enforcement of violations that are resolved through the Zoning Board of Appeals applications process for variances, certificate of Zoning compliances, as well as Planning & Zoning Commission applications for special permits.
2. Successful training of the “ENERGOV” computer program for **most** of the staff.
3. Implemented 62 plus patio permits so local restaurants could remain in business during the different phases of the COVID-19 protocol.

1. By November 2020, to receive national accreditation from the National Public Health Accreditation Board. *This goal was delayed due to departmental focus on COVID-19 initiatives as well as lack of funding to support an accreditation coordinator. In late January 2021, the Acting Deputy Director of Health Operations solicited the PHAB Accreditation Board for a 90-day extension which will expire on May 27, 2021. PHAB has issued an application which is in the process of being completed to request an additional extension past the May deadline. We are currently working on the process of acquiring a consultant to assist in this regard now that per capita funding has been made available.*
2. By August 31, 2021, develop and implement a community based opioid crisis response plan to ensure effective community coordination to serve the community. *This goal is delayed due to COVID-19 response efforts and has been moved to a Mid-Term Goal as evidenced above.*

3. By June 30, 2021, monitor performance dashboards for all divisions to ensure attainment of goals. *This goal has been delayed due to COVID-19 response and removed for the foreseeable future. Goals for each division are monitored twice yearly through the Office of Policy and Management.*
4. By June 30, 2021, implement workforce development plan for Health and Social Services. *This goal has been delayed due to COVID-19 response and removed for the foreseeable future. Once a permanent Health Director is hired, he/she will review the department's workforce to determine future plans.*
5. By June 30, 2021, relocate the Communicable Disease Clinic and Veteran's Affairs Support Center. *This goal is in progress and while several sites have been viewed, one site is undergoing studies to determine whether it is suitable for relocation. Funding is in place for renovations once determined by structural engineers and architects.*

FY 2020 – 2021 ADDITIONAL TARGETED ACCOMPLISHMENTS:

1. Ongoing response to pandemic through community education efforts, adherence to Governor's Executive Orders, communications with school's chief, public officials and the public as well as increased testing efforts and enforcement.
2. Acquisition of grants to support COVID-19 response including aid to small businesses and the contracting of 8 contact tracers, 4 additional nurses, two community educators and an Epidemiologist.
3. Hiring of an Emergency Response Coordinator to fill the vacancy.
4. Development and implementation of Mass Vaccination plans with the support of the Emergency Operations Center and community partners.

1. Preventing the spread of Coronavirus by educating the Seniors on how they should protect themselves against this virus and stay healthy.
2. Reach out to as many seniors as possible to get them registered to receive the Covid Vaccine.

FY 2021 – 2022 MEDIUM-TERM GOALS (To be achieved within 1-5 years):

1. Many elderly people do not have social media, an important tool in combating loneliness and connecting with loved ones. One of our goals is to provide additional computer classes so our seniors can be more proficient in the use of technology.
2. To connect our seniors with “Stay Connected” which is a program that will provide tablets to any senior who does not have one.

FY 2021 – 2022 LONG-TERM GOALS (To be achieved in greater than 5 years):

1. Continue to find a solution to the parking shortage at the Center for those seniors that drive.
2. Continue to provide a place for seniors to visit daily that provides an energetic environment.

FY 2020 – 2021 GOAL STATUS UPDATE:

1. Have the seniors fill out a survey on what is expected from the Center. **Survey was completed, however, due to the pandemic the survey was not handed out. Upon opening each senior will receive a survey.**
2. Continue to provide educational lectures: **On a monthly basis we continued to provide lectures on issues that are important to the seniors. During the pandemic we mailed out pamphlets on COVID safety, Stay Connected, how to battle loneliness during the pandemic, etc.**
3. CW Resources will continue to provide a nutritional lunch for each senior who is eligible. **Our Nutritional program continues to increase as our members increase. During the pandemic we worked with CW Resources to make sure that seniors who had food insecurities would not go without and we signed them up with Meals on Wheels.**
4. Continue to hold question and answer sessions with the seniors. **The staff and seniors meet on a quarterly basis and discuss any issues seniors may have and try to find a solution.**

FY 2020 – 2021 ADDITIONAL TARGETED ACCOMPLISHMENTS:

1. During this pandemic we were able to provide food and COVID PPE to any senior who called the Department on Aging.
2. Since most of our seniors were home bound due to this pandemic, we were able to arrange 230 turkeys donated to the Center for the holiday season along with boxes of food that were distributed to seniors in need.

This includes working with and improving support of Veteran families, caregivers, and supporters who are critical to Veterans’ well-being. (MG1, MG3)

1. To excel at what we do best. We will find those who excel at what we do not do well, or cannot do, and partner with them. SUMMARY

**Designation of 2010 Series B Bonds as Build America Bonds**

The federal American Recovery and Reinvestment Act of 2009, Pub. L No. 111-5, 123 Stat. 115 (2009), enacted February 17, 2009 (the Recovery Act) permits the City to issue taxable bonds referred to as "Build America Bonds" to finance capital expenditures for which it could otherwise issue tax-exempt bonds, and to elect to receive payments from the federal government equal to 35% of the corresponding interest payable on such taxable bonds (the BAB Subsidy Payments). The City elected to designate the 2010 Series B Bonds as "Build America Bonds" for purposes of the Recovery Act and to receive BAB Subsidy Payments from the United States Treasury in connection therewith. BAB Subsidy Payments for the 2010 Series B Bonds will be paid to the City on or about each interest payment date; the holders of the 2010 Series B Bonds are not entitled to a tax credit. Such BAB Subsidy Payments are not pledged to pay the 2010 Series B Bonds, nor is their receipt by the City a condition of payment of any portion of the principal and interest on the 2010 Series B Bonds. For the fiscal year ended June 30, 2020, the City received \$454,442 in interest subsidy.

**Prior Year Defeasance of Debt**

In prior years, the City defeased certain bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly,

FY 2021-2022 ADOPTED GENERAL FUND BUDGET

**Credit Risk**

Generally, credit risk is the risk that an issuer of a debt-type investment will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. U.S. government securities or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk exposure. As indicated above, the City investment policies conform to the policies set forth by the State of Connecticut. The City has no investment policy that would further limit investment choices as a means of managing its exposure to fair value losses arising from increasing interest rates, however exposure is limited when compared to total assets. Presented below is the rating of investments for each debt type investment.

FY 2021 – 2022 LONG-TERM GOALS (To be achieved in greater than 5 years):

1. Modernize facilities at the Burroughs Library to accommodate present and future needs. (MG3)
2. Open a new branch library in the Reservoir Avenue area exploring the use of a public/private partnership model. (MG2; MG3)

FY 2020 – 2021 GOAL STATUS UPDATE:

1. The Library is working with the Purchasing Department to develop an RFP to retain the services of an architect to create plans for the East Side Phase II Renovation Project.
2. Library programming is adjusting to the COVID19 environment, with virtual programming. Until it is safe to have programs in the library space again, Virtual programming will continue.
3. The carpet replacement project at Burroughs Library is almost complete. Furniture was purchased through a CT State Grant to assist CT public libraries to reopen safely to the public.
4. The library has made major repairs and upgrades to the HVAC system at the North Branch and continues to monitor conditions at its Black Rock Branch. Options are being weighed for durable flooring in its lower level that will not be ruined if flooding events reoccur.

FY 2020 – 2021 ADDITIONAL TARGETED ACCOMPLISHMENTS:

1. Met with delays, the Newfield Branch Library is expected to have a soft opening in Spring 2021 with a grand opening in Summer 2021.

3. Notary services are available at most Library locations.
4. Four staff have been certified by the State Department as Passport Acceptance Agents to accept passport applications at Burroughs Library. While this service has been on hold due to the COVID19 Pandemic, it is hoped that the library will be able to begin accepting passport applications in 2021.

**APPROPRIATION SUMMARY**

\*MBR=Minimum Budget Requirement, a provision of Connecticut’s State Support for Education that sets a minimum sum per pupil that school districts must spend. ECS or Education Cost Sharing, aims to equalize some of substantial school funding disparities that municipalities with a large number of needy students encounter when trying to provide services. ECS provides for grants based on a formula that multiplies three factors: (1) a base aid ratio of each town's wealth to a designated state guaranteed wealth level (GWL), (2) the foundation, and (3) the number of each town's resident students adjusted for educational and economic need (“need students”). A per-student bonus is added for towns that are part of regional school districts. (A recent report from the Office of Legislative Research (OLR) on Education Cost Sharing reports on the present funding situation: <http://www.cga.ct.gov/2012/rpt/2012-R-0101.htm> )

INTERGOVERNMENTAL REVENUE

Intergovernmental revenue accounts for 34.06% and is the second-largest segment of the municipal budget. It includes sales tax revenue, funds from the federal nutrition & breakfast program, reimbursements for school debt service, transportation, and education cost sharing (ECS). The increase in the FY 2022 Intergovernmental revenue is attributable to the Federal Stimulus reimbursement (\$5 million) and an increase in the Nutrition Center Food Service expenditures which will result in increased reimbursements.

PAYMENTS IN LIEU OF TAXES (PILOTs)

Payments in lieu of taxes exist to reimburse cities for the cost of supporting non-profit infrastructures, properties owned and used by the State of Connecticut. The payments are equal to a percentage of the amount of taxes that would be paid if the property were not exempt from taxes. Payment percentages are 100% for correctional facilities, 100% for towns in which more than 50% of property in town is state owned, and 45% for all other property. Payment does not include payment for tax loss on exempt personal property owned by these facilities or property used for highways. In the Bridgeport budget, PILOT funding represents 4.32% of all revenues.

Other payments in lieu of Taxes in this category are subsidized development agreements the city has with private developers for some commercial real estate developments in the City of Bridgeport.

REIMBURSEMENTS

Reimbursements represent 1.06% of Bridgeport’s revenue. Reimbursements include funding for debt service. LoCIP (The Local Capital Improvement Program) distributes funds to municipalities to reimburse the cost of local capital improvement projects including road, bridge, and public building construction activities. Each year, the State Office of Policy & Management provides a formula-based entitlement to each municipality’s available LoCIP balance. These funds can accumulate from year to year. The FY 2022 State of Connecticut allocated LoCIP funds can only be used towards capital budget expenses reimbursements. The decrease in the FY 2022 debt service reimbursements is attributable to a one-time reimbursement that the city expected to receive from Bridgeport Landing Development Company (Steelpointe Facility) which is a private entity.

RENTS/LEASES

Rents & Leases includes funds from rental of city property to outside entities. Rents and Leases represent 0.27% of Bridgeport's budget. Funds come from rentals at the airport, parks, and other city properties. The increase in the FY 2022 Rent/Leases account is attributable to increased rents from Amphitheater Billboard that the city will receive.

### CAPITAL IMPROVEMENT PROGRAM OVERVIEW & PROCEDURES

---

All Capital Equipment purchases are governed by Capital Procedures. Preparing and maintaining the Capital Budget is an imperative part of the City's management effort. Central to this management effort is providing accurate and thorough justifications for proposed capital projects, making the capital budgeting cycle transparent and straightforward. Specific criteria that guide Capital budgeting decisions are outlined below:

- 1) The City administration will develop a process for ensuring that capital investments provide the maximum community benefit and that appropriate supporting policies are implemented.
- 2) The City shall allocate a percentage of its general operating revenue for capital investment for the next five (5) fiscal years.
- 3) The City shall budget an increasing percentage of its CDBG allocations for the next five (5) years for capital.
- 4) All redevelopment and economic development projects shall include plans for specific returns (investment and leverage).
- 5) Priority will be given to those investments/projects that foster achievement of City Executive Committee goals and objectives, aid in the implementation of approved City plans, and conform to the following ideals:
  - Foster Economic Growth;
  - Foster Neighborhood Growth;
  - Foster Urban Conservation;
  - Conform to the City's five (5) year plan;
  - Replace or renovate existing obsolete or deteriorated elements of the City's property rather than providing additional facilities;
  - Reduce the cost of operations or result in a net increase in general revenues;
  - Are mandated by governmental agencies;
  - Do not duplicate other public and/or private services;
  - Reduce energy consumption;
  - Benefit low and moderate-income persons and/or slow economic blight;
  - Are located in targeted neighborhoods and economic development areas, i.e. (enterprise zone); and
  - Improve the safety and security of citizens.

### DEFINING CAPITAL EQUIPMENT & CAPITAL PROJECTS

---

**Capital Equipment** is defined as any item that has an expected life of five (5) years or more and a purchase price in excess of \$500.00. Items costing less than \$500.00 and lasting less than five (5) years are to be purchased from material and supply accounts. The purchase price includes any costs of acquisition or transportation of the item or other costs associated with the installation or placing it into service. The expected life for a piece of equipment is that period of time for which it will be useful in carrying out operations without major repair to its physical condition. Generally, capital equipment includes, but is not limited to, furniture and fixtures, machinery and motor vehicles.

Capital equipment *excludes* commodities that are converted in the process of construction, or that are used to form a minor part of equipment or fixed property. In addition, repairs will normally not be capitalized regardless of the cost of repair or the extent of repair relative to the cost of a new item. The

following examples occur frequently and are intended to serve as a guide in deciding whether or not to capitalize an item.

- Calculators - will not be capitalized.
- All furniture costing more than \$500.00 *will* be capitalized.

The **Capital improvement program** is defined as a plan for capital expenditures over a multi-year period to meet identified improvements in the infrastructure.

The **Capital Budget** is the first year of a five-year plan for capital expenditures to be incurred over a given fiscal year from funds appropriated by the City Council for project scheduled in the same year.

**Capital Projects** are the improvements that make up the capital budget. Each project has a specific purpose, justification and cost. Projects propose physical improvements in different elements of the City's infrastructure. Improvements include but are not limited to: construction, reconstruction, rehabilitation, modification, renovation, expansion, replacement, extension of streets, bridges, buildings, sidewalks, playgrounds, traffic signals, ramps, lights and acquisition of land, buildings with associated relocation, demolition and improvements such as landscaping, fencing and paving.

#### CAPITAL IMPROVEMENT PROGRAM REQUESTS

---

All Capital Projects under Consideration must be accompanied by a description including the following detail and descriptive information:

- 1) **PROJECT TITLE:** Enter the title best describing the project. Be concise, but as descriptive as possible.
- 2) **SUBMITTED BY:** Enter the Department, and division, if applicable.
- 3) **CONTACT PERSON:** Enter the name and telephone number of the person who can best answer detailed questions about this project.
- 4) **PROJECT DESCRIPTION:** Give a full, detailed description of the project. The description must contain enough information to allow for a detailed project cost estimate. If the project is construction of a building, specify the following: size; use; type of building; utility type; etc. If it is a street project, specify the following: length; width; whether it is new construction, reconstruction or resurfacing; whether it involves new signals, sewers, and/or sidewalks; etc. Any project with insufficient information to develop a cost estimate will not be considered.
- 5) **PROJECT JUSTIFICATION:** Support the need for this project. Some of the questions you might want to consider follow:
  - Does the project meet established standards and/or codes?
  - Does it eliminate a health, fire or safety hazard?
  - Does it serve a segment of the community not currently served?
  - Does it foster private investment? How much?
  - Does it create jobs? How many? What type?
  - What will happen if the City does not undertake this project?
  - Use the above and the Capital Allocation Checklist as a guide in submitting justifications.
- 6) **PROJECT LOCATION AND SERVICE AREA:** Give a brief description of the community impact the project will have as well as the area it will serve.

- 7) SIGNATURE: The Department Director must sign the bottom of the form and date it. The signature indicates that the director approves of the submission of the project and agrees with the information provided.

PROJECT COST ESTIMATE INSTRUCTIONS

- 1) PROJECT TITLE: The name of the project for which the estimate is being prepared.
- 2) PROJECT COST: Enter the cost estimate for each line item of the project for the upcoming fiscal year. All costs must be detailed by line item.
- 3) TOTAL PROJECT COSTS: Use this column *only* if the project requires multi-year financing and the total cost is not reflected in the one (1) year column.
- 4) ESTIMATE PREPARED BY: Enter the name, department and division of the preparer.
- 5) COMMENTS: Enter any comments the department preparing the cost estimate may have regarding this estimate or this project itself.

CAPITAL EQUIPMENT REPLACEMENT SCHEDULE

<u>ITEM</u>	<u>SCHEDULE</u>	<u>MAXIMUM</u>
Street Sweepers	Every 5 years	1 per year
Dump Trucks	Every 7 years	1 per year
Loaders	Every 12 years	1 per year
Tractors	Every 10 years	1 every 5 years
Sanitation trucks	Every 7 years	2 per year
Police Cruisers	Every 5 years	21 per year
Passenger Vehicle	Every 7 years	depending on condition
Light Trucks - Vans	Every 7 years	depending on condition
Specialized Large Equipment	As needed	
Fire Engines		
Front Line	Every 15 years	
Reserve	Every 20 years	1 per year
Fire Trucks		
Front Line	Every 20 years	
Reserve	Every 25 years	1 per year

The following policies have been established to encourage the replacement of outdated capital equipment, realizing limitations of funding. In all cases, the equipment requested shall be of the type and quality necessary for the efficient accomplishment of the departments' service functions.

- EQUIPMENT FOR EQUIPMENT REPLACEMENT Example: Two-for-one trades will have preference over one-for-one trades.
- EQUIPMENT FOR DIRECT COST SAVINGS Example: Capital equipment proposals that offer direct cost savings to the City will have preference.

- EQUIPMENT FOR POSITION(S) REPLACEMENT Example: Proposals from departments for abolishing position(s) in return for equipment will have preference.

All capital equipment rollovers will be monitored for performance as the City expects increased turnover to dramatically reduce manpower time and equipment idle (repair) time.

## CAPITAL IMPROVEMENT PROGRAM PROCEDURES

---

### PROCESS

Who decides: the City Council, through the Budget and Appropriation Committee, provides the final approval of all Capital Improvement Programs, budgets and projects. The Mayor recommends the Capital Program by way of two committees:

Technical Review Committee: Reviews department submissions for priority ranking and capability.

Capital Finance Committee: Reviews the recommendations of the Technical Review Committee and determines the project need by evaluating the following:

- Technical Review Committee priority;
- Economic & community need/impact;
- and Financial accessibility.

### HOW DO PROJECTS GET CONSIDERED?

#### STEP I - SUBMISSION

Per the budget schedule, the Office of Policy and Management requests capital project proposals from the Department Directors. These proposals contain a project description, its justification and location. The Capital Allocation Checklist must be used by departments and review boards in developing and justifying capital submissions.

#### STEP II - TECHNICAL EVALUATION

After projects are submitted, the Office of Policy and Management will convene the Technical Review Board. This committee, made up of the City Engineer, City Planning Director, Public Works Director and two representatives of the Office of Policy & Management (OPM), evaluate the impact of each project based on the provided description and justification. Impacts are measured against the approved technical criteria. During this process, projects which are similar are consolidated, projects already financed or which should be requested as part of an operating budget are eliminated. This results in a final recommended priority list.

#### STEP III - CAPITAL FINANCE COMMITTEE SELECTION

The prioritized list of submissions is presented to the Capital Finance Committee for an initial cut. Using the technical evaluation as the basis of the decision, this committee will select those projects which merit further consideration and eliminate those with lower priorities.

#### STEP IV - NOTIFICATION TO DEPARTMENTS

Once the Capital Finance Committee selects the projects, OPM sends a letter to all departments informing them of the decisions. The notification letter contains several items:

FY 2021-2022 ADOPTED GENERAL FUND BUDGET

APPENDIX

CAPITAL BUDGET POLICIES

---

- A list of projects that will be considered. Each department is responsible for preparing the cost estimate;
- A list of projects that have been eliminated;
  
- A description of the appeal process;
- Cost estimate forms;
- And copies of all project descriptions still in consideration.

Departments are to provide any updated information on the project descriptions and develop a cost estimate to be submitted to OPM.

STEP V - APPEAL

Each department is given one (1) week to review the disposition of each project they originally submitted. They may appeal any of those projects. This is done by submitting a written letter of justification that they wish to be reconsidered or a program that should be eliminated. All justifications are reviewed by the Capital Finance Committee and the department director will be invited to a meeting to answer any questions members may have. Based on the justifications presented the Capital Finance Committee will make a final determination. Departments will be notified the following week.

STEP VI - COST ESTIMATES

For all projects still in consideration, a cost estimate will be developed. These will be submitted to Office of Policy and Management.

STEP VII - FINAL EVALUATION OF PROJECTS

The Executive Committee, appointed by the Mayor, reviews all of the recommended projects and evaluates those for final presentation to the City Council. The final list will be evaluated from the priority list and available resources and submitted no later than the first Tuesday in March preceding the next fiscal year start.

STEP VIII - FINAL APPROVAL

Final approval to proceed will be given by the City Council. This is done through the voting of the council no later than the first Tuesday in May preceding the next fiscal year start.

STEP IX - NOTIFICATION OF SELECTED PROJECTS

After the Capital Improvement Plan is developed, the Office of Policy and Management will notify departments whose Capital Projects were adopted and will publish the Capital Budget. The document will contain the details of the selected projects as follows:

- Project descriptions;
- Funded amounts;
- Funding sources;
- and the Responsible agency.

AMENDING THE CAPITAL IMPROVEMENT PROGRAM

---

From time to time during the year changes must be made in the Capital Improvement Program (CIP). These changes are made through a CIP Amendment request. A CIP Amendment is required under the following conditions:

- Financing a project not previously considered. This may result from emergencies that may occur during the year, or a change as needed.
- Increasing the funded amount of an existing project. These may arise from unanticipated inflation, change in the original project description or bids which come in higher than the original cost estimate.

A CIP Amendment is processed as follows:

- 1) The department responsible for the project makes an initial determination that additional funds are required for a specific purpose.
- 2) A written request by the Director is submitted to OPM. The request will include:
  - A) Name of Project;
  - B) Additional funds requested;
  - C) Total current cost of the project; and
  - D) Justification of request.
- 3) The Office of Policy and Management will make a recommendation to the Capital Finance Committee which approves or disapproves the request.
- 4) If the request is approved, OPM will prepare a report and resolution for approval from the City's City Council. The report will be placed on the earliest possible agenda of the City Council.
- 5) Upon approval of the City Council, OPM will request the Comptroller's Office to establish an account number or increase the original appropriation.
- 6) The Department proceeds with the project after steps 1-5 have been performed. They will be notified by OPM.

## ACCOUNTING PROCEDURES

After all the projects have been approved by City Council the Comptroller's Office will begin the process of establishing accounts for the approved programs. All appropriations will be established based upon the approved project cost and prepared by using the line item criteria established by the cost estimate forms.

In addition, the Comptroller's Office will be responsible for the following:

- 1) Maintaining grant agreements;
- 2) Maintaining audit records;
- 3) Receiving and recording revenues;

CAPITAL BUDGET DETAIL

FY 2022-26 PROPOSED CAPITAL PLAN AS IT RELATES TO OPERATIONAL BUDGET			
PROJECT NAME	EXPLANATION	COST	OPERATING BUDGET IMPACT
<b>Economic Development</b>			
Gateway to S End/Strategic Acquisitions (FY 22)	Capital Expenditures focused on S. End, To remove blight & improve connections between Downtown & University & High School Campus and Seaside and to fund strategic acquisitions as needed and to complement State of CT investment and to acquire properties as needed and approved.	\$ 1,000,000	Expenditures are targeted here to complement large scale investments being made at the northern and southern end of the neighborhood (State of CT Flood Control, Harbor Yard Amphitheatre, Windward Commons, University Campus, Bassick High) to address the blight that hinders the growth and development of the South End so as to create more highly rated taxable property in this area that is seeing so much public and private investment.
Remington Arms Site Improvement (FY 22)	Expenditures to remove blight, improve safety, security do pre-demo clean up, demo, shot tower stabilization.	\$ 3,000,000	This highly visible site is the largest city-owned blighted brownfield site. Expenditures will hasten the environmental clean up of soils (to be funded by Corteva AgriSciences LLC, fka Dupont) and will lead to the property being returned to the tax rolls.
Jetland St. Parking Garage Addition/Expansion		\$ 500,000	
Lafayette Blvd/Fairfield Ave./Redesign-(10 %City Match)		\$ 650,000	
		\$ 5,150,000	
<b>Public Facilities</b>			
Roadway Paving	Paving, Resurfacing, Improvements of City streets.	\$ 3,000,000	Fundamental Public Facilities responsibility to provide driveable roadways for economic and commercial activity as well as public safety and liability mitigation. Winter weather and ongoing wear cause cracks, potholes, erosion and other damage to city streets. Repaving and other improvements helps to reduce damage to vehicles, thereby reducing claims against the City for liability. Estimated savings is \$80k per year, as one successful legal claim can cost the City more than \$50k.
Wonderland of Ice Roof Replacement	City-owned ice skating facility (two rinks) roof leaking badly. City responsible for replacement per lease with operator. Must keep long-term asset of City in proper condition and not fall into disrepair.	\$ 1,000,000	City already spending approx \$20k this year for temporary measures. Need replacement to avoid continuing temporary measures estimated by roofing company to grow to \$30k per year, then \$50k per year. Also potential violation of lease could risk rent of \$156k/yr.
Police HQ -- Reconstruct/resurface two rooftop parking decks to address extensive water infiltration into building.	Two parking decks at Police HQ leaking water into building extensively, damaging interiors, fostering mold, creating unsanitary working conditions.	\$ 1,336,000	Interiors already growing mold estimated to cost dozens of thousands to address. Need to avoid making problem worse. Water infiltrating building, deteriorating condition far beyond normal depreciation.

FY 2022-26 PROPOSED CAPITAL PLAN AS IT RELATES TO OPERATIONAL BUDGET			
PROJECT NAME	EXPLANATION	COST	OPERATING BUDGET IMPACT
<b>Public Facilities</b>			
Public Facilities Equipment		\$ 1,000,000	Replacement of equipment beyond its useful life necessary to continue to provide daily sanitation and recycling service, road repair, snow removal, transfer station waste and recycling and more. Replacing equipment instead of continuing to service expired equipment saves at least \$75k-\$100k per year in parts, manpower and outside services.
Various Airport Improvements/Equipment's Projects		\$ 213,000	
Parks Maintenance Equipment (includes Golf Course)	Equipment necessary to maintain parks for public enjoyment; mower for Beardsley, Old Mill Green, Seaside, Newfield, Downtown, mason dump. Golf Course fairway mower.	\$ 340,000	Continued replacement parts for old equipment beyond useful life cannot be justified, and can be estimated at \$40k per year especially when factoring lost time. Equipment fundamental to public enjoyment of parks. To rent this equipment and/or to hire outside vendors would cost well in excess of \$300k per year.
New East Side Senior Center-Old Engine 10/Putnam St.		\$ 2,500,000	Will provide East Side with badly needed new senior center while preserving and re-purposing old fire house avoiding continued rental of leaking, inadequate current location costing approx. \$48k per year.
Klein Memorial Auditorium -Masonry/Roof		\$ 1,126,000	Replaces roof of important historic City-owned theater before it becomes ongoing expense leading to structural or interior damage.
Golf Course Improvements -- Bunker Reconstruction	Reconstructing Red Course holes 10-18 spring 2021. Plan is to continue doing nine holes per year until both courses complete. Bunkers badly eroded with some plagued by flooding. Will redesign and reconstruct bunkers to improve drainage, enhance player enjoyment and reduce potential liability from player injuries.	\$ 150,000	Revenue at Golf Course trending in FY21 to all-time high. Important for golf course to maintain both safety and playability to keep golfers choosing Fairchild Wheeler and continue annual revenues that may break \$1.9M by year-end. Badly eroded bunkers create trip and fall hazard while also exposing fabric underlying sand, which can impede golfer's swing and cause injury.
Island Brook Ave/ Over Pequonnock Design-City Match		\$ 250,000	
Woodrow Avenue Bridge Design - City Match+50% City		\$ 150,000	
		<u>\$ 11,065,000</u>	

<b>Fire Department/Other</b>			
Fire Rescue Apparatus	Plan is to decommission the 1992 Pierce Lance Rescue that has high engine hours and mileage, and extreme wear and tear. The current Rescue 5 will find extended service life as the second Rescue apparatus.	\$750,000.00	By replacing an old apparatus and decommissioning the older spare apparatus, the department maintains compliance with NFPA and CT Statute. The budget impact will be significant, as these older vehicles require substantial maintenance to keep them in service.
New North End/Reservoir Avenue Library/Study/Design		\$100,000.00

REVENUE ASSUMPTIONS:

**LICENSES/PERMITS:** The FY2023 projected increase of \$75,250 in licenses and permits is based on planned fees restructuring plan which includes updates to fines, fees and licenses in the City Ordinance.

**FINES/PENALTIES:** The FY2023 projected increase of \$285,000 in fines and penalties is based on the City plan to implement more aggressive enforcement of blight enforcement fines in the City.

**INTERGOVERNMENTAL REVENUES:** The \$1,450,000 projected increase in this category is based on Bridgeport Legislative delegation lobbying for a fair equitable distribution of State revenue sharing which will allocate more funds to the City of Bridgeport in FY2023.

**PAYMENT IN LIEU OF TAXES:** The \$265,000 increase in FY2023 payment in lieu of taxes is based on private developers that will pay fixed/subsidized amount of tax as incentive to attract development projects into Bridgeport. The development agreements have been executed between the City and the developers to be effective in FY2023.

CITY OF BRIDGEPORT UNDESIGNATED FUND BALANCE POLICY

PURPOSE

To maintain a balance of funds within the total unreserved, undesignated fund balance to be available for unforeseen contingencies.

*Definition: Unreserved, undesignated fund balance is the remaining balance available following the reduction for “resources not available for spending” or “legal restrictions” (reservation) and “management’s intended future use of resources” (designation).*

POLICY

The sum of all components identified for the undesignated fund balance level will be set at no less than 8.00% of annual operating expenditures and other financing uses (transfers out) of the prior audited fiscal year with the annual approval by the City Council. In the event that the undesignated fund balance exceeds 12.00%, the amount exceeding this percentage may be available for appropriation at the discretion of the Mayor with the approval of City Council.

REPLENISHMENT OF SHORTFALL

The undesignated fund balance of the General Fund may fall below the approved minimum level due to fluctuations between planned and actual revenues and expenditures, other financial emergencies or catastrophic events of an unforeseen nature. When an audited shortfall is reported in the Comprehensive Annual Financial Report (CAFR), it must be rebuilt during the following ensuing fiscal years. This will be achieved by adding an annual appropriation, during the budgeting process of a minimum of 10% of the difference between the fund balance policy level and the undesignated fund balance presented in the latest audited statements.

When dealing with the unanticipated sale of municipal assets, no less than 50% of the “gain on sale of city asset” must be deposited toward the undesignated fund balance until the 12.00% goal has been achieved.

The maintenance of undesignated levels in fund balance is not to be construed as surpluses or over-taxation by the City. Rather, it is an element of sound fiscal management required for sustaining a high credit rating and financial management flexibility.
