

# Department of Health and Social Services CITY OF BRIDGEPORT, CONNECTICUT

*The Department of Health and Social Services is now accepting submissions for multiple contract positions.*

## *Department Profile*

The City of Bridgeport Department of Health & Social Services provides a wide range of services through programs that are designed to promote and protect the health of all Bridgeport residents and visitors. The department strives to address the core public health functions as mandated by the State of Connecticut. These essential functions consist of promoting and protecting community health through attention to women and children's health issues and communicable and infectious diseases, planning for and responding to disasters, providing adult indigent care and protecting our City's valuable natural resources while improving the environment.
