Municipal Profile

The City of Bridgeport is located in Fairfield County at the mouth of the Pequonnock River on Long Island Sound. It is bordered by the towns of Trumbull to the north, Fairfield to the west, and Stratford to the east; with an approximate population of 147,000, 50,367 households, and a population density of 9,226 residents per square mile. The City has a Mayor-City Council form of government. The City's Mayor is the chief executive officer of the City and serves four-year term(s). The City Council, which acts as the City's legislative body, consists of twenty (20) members elected for two-year terms.

GENERAL STATEMENT OF DUTIES:

This position develops and executes project plans for data administration and integration, sets database standards and governance criteria, determines the database requirements for meeting of City projects objectives, performs data management and maintenance of database systems to ensure projects completion.

ESSENTIAL DUTIES AND RESPONSIBILITIES:

The essential functions or duties described below are the primary functions and duties of the position. There may be other types of work that may be performed, and the omission of a particular duty or function does not exclude that duty or function from the position provided the duty or function is similar in work, related to the work or logically assigned to the position.

- Conducts data management needs and requirements analysis.
- Responsible for the analysis and resolution of City's data related issues.
- Performs database administration, including comprehensive development, operation, control, backup, recovery, and security of the database systems.
- Maintains City's database environment and keeps the City's databases up to date.
- Creates detailed database project plans including Timeline and Milestone reports to ensure the timely project implementation.
- Ensures that all documentation pertaining to the database administration is complete, current, organized, and understandable.
- Other administrative and management tasks may be assigned as appropriate.

MINIMUM QUALIFICATIONS, TRAINING AND EXPERIENCE

- A Bachelor's degree in Computer Science or related field.

PHYSICAL DEMANDS:

The conditions below are representative of those that must be met by an employee to successfully perform the essential functions of the job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential job functions.

- Needs to be able to operate equipment and machinery with some requiring rapid adjustments such as a computer keyboard and terminal, photocopier, and calculator.
- Must be able to coordinate eyes, hands, feet, and limbs in performing skilled movements such as rapid keyboard use.
- Essential and marginal functions may require maintaining physical condition necessary for sitting for prolonged periods of time. Tasks may involve extended periods of time at a keyboard or workstation. Frequent downward flexion of neck, side-to-side turning of the neck, fine finger dexterity and grasp to manipulate the keyboard, telephone, writing instruments, papers, books, manuals, and reports.
- Work may involve occasional outdoor fieldwork.
- Additional hours and attending meetings outside regular work hours may be required. Work environment is professional and both team and autonomy oriented. This position is impacted by urgent time deadlines due to various reporting and filing requirements. There is some repetitiveness in program coding, a need for extreme accuracy, and paying attention to detail. Additionally, there is a need to be able to shift attention before tasks are completed to be able to balance user demands, telephone, and other interruptions.

This job description is not, nor is it intended to be, a complete statement of all duties, functions, responsibilities, qualifications, physical, and cognitive which comprise this position. The above is intended to be a fair representation of the "typical" demands of the position.
